Our Tenth Annual

T. E. A. S.

In the present stage of our building development, our school activities are somewhat limited, and avenues of self-expression have to be found along the restricted lines open to us. Our magnificent campus permits out-of-door sports and students have not been slow to avail themselves of the opportunities in this line. At South Calgary the open prairie of the district was utilized for the same purpose.

As the school grew from three rooms at Sunalta in 1915, to five rooms at South Calgary in 1918, increasing to eight rooms in 1921, school consciousness began to be strongly felt, and thoughtful students broached the subject of having some school production, that would both encourage this consciousness and have it expressed by some sort of record.

As early as 1920 the subject was brought up by members of Grade XII and a school "Roll of Honour" was suggested which might occupy a prominent place in the halls, and on which might be inscribed the names of those whom their classmates delighted to honour or who might win a place upon it by worthy achievement, in school, or afterwards. This movement was led by Ralph Jones but no concrete plan was completed.

The following year under the leadership of Jean Auger, students pressed for some sort of publication in the name of the school. The idea of publishing a school periodical was not new, but had manifest drawbacks. To publish several numbers in a year would mean that the school time of a number of students would be largely monopolized in keeping it going. The expense would be so great that constant soliciting of advertising matter would be necessary. This would mean a lot of work and might not be especially popular with those asked to buy the space. It was felt also that a lot of "literature" of the type "A is for Annie" would have to be used, to fill up, and this "literature" would not be worth putting in permanent form. After careful deliberation, it was decided to have a publication, and Jean Auger was elected Chairman of the first committee. The plan adopted and followed ever since, was to have a school Year Book, official as far as the records are concerned, and a student product in other respects. It was further decided that no advertising matter should appear, that the construction of the book should be the best that could be obtained in the city, that subscriptions should be paid in advance and all the proceeds used in putting out the best book the means would allow. By not attempting too great a display it was thought the project would not be so apt to collapse under its own weight, and one or two very ambitious numbers be followed by some years of silence. Whatever may be the defects of the plan, this number is the tenth publication, with no break up to the present.

The extra accommodation of the new building, in which the Western Canada school of the old College building, and the Elbow Park two-roomed school, were united with South Calgary to form the Western Canada High School, permitted a considerable increase in the size of the Year Book as was evidenced by last year's annual. When the grounds are levelled and a fence erected it will be possible to get a photograph in which buildings, trees and other surroundings can be shown, and a cut made that we shall be glad to use at the front of the book. In the meantime we must be patient.

To be elected chairman of the Year Book committee is the highest honour that students can bestow on one of their number. The following have been elected to this position since the Year Book began its career:

Jean Auger, Kenneth F. Tupper, Richard Watson, Roy Scott, Robert Reynolds, Robert Hay, John H. Lincoln, Stephen E. Kerr, David J. Adams, and this year, George Jones.

Six years ago the practice of appointing a valedictorian for each outgoing class was adopted, and in each case the valedictory was given a place in the Year Book. The following have been given this honour:

Rachel E. Horner, Glenn E. Lockwood, Harold Baker, Winnifred Ainslie Campbell, Gordon Patton, Stephen E. Kerr, and for last year's class, John P. Collier.

We regret that we were not able to secure cuts for a number of students that won prominence in past years, but are glad to include what we have in this effort to consolidate our historic background.

Haledictory

JOHN PATTESON COLLIER Class of '30

Conjuring up thoughts of high school days brings regrets to us who have completed those happy, all too short years. Yesterday we were amongst you busily engaged in class room and extra-class room activities, enjoying to the utmost, whether we were aware of it or not, each and every day, united in one idea—Western Canada to the fore! To-day we are scattered, filling different positions, interested in new things, but constantly aware that we have passed a milestone in our careers.

We keep in touch with the old school—follow with interest its successes in rugby, hockey and other fields in which it takes such an active part—but when we return to walk through its halls, even after a comparatively short absence, we sadly realize that no longer are we a part of it that only once do we have a chance to claim an active interest in its day to day affairs.

The success of the school depends largely on the efforts and appreciation of the students. Each and every one of you who wants to see the school succeed, remember that its success will vary directly as the effort and interest you put into the work and associate activities concerned. You will never be sorry for anything you have done to help your school, whether it has been recognised or not, there is great satisfaction in accomplishment. No matter how much you do, once you have completed your high school career, you will realize how much more you could have done. This is a well worn expression, but it describes accurately the feeling that will come to all of you at a time not far off.

Think well of your teachers, try to appreciate what they are doing for you. They deal with the problems of your education according to the long experience they have had with these identical problems of the education of those who have gone before you. They are thinking of your future, and as time goes on you will realize more and more how much you owe to them.

You are enjoying happy and care-free days, but you are at an important stage in your life. Make the best of it, make the most of it, assume a proper attitude, so that when the day of your graduation comes you will be able to feel how much your high school career has meant to you.

RUTHIEE MONTGOMERY BELL

for Grade IX (Girls) 1919.

STAATE KRUSE
Winner of R. B. Bennett Scholarship
for Grade X (Girls) 1919.

Editorial

GEO. V. JONES

"When will the Year Book be out?"

"Never!" That is the answer from hundreds of students who have passed through our school. "Never—the book is here to stay."

We are glancing over the shoulders of these hundreds of ex South Calgary and Western Canada supporters. Before them are all the pages of our paper since its inception. We get a glimpse of the contents: Championship Rugby Team, Literary Societies, Dramatic School Orchestra, Track Meet, Cadet Notes, Reception to Freshettes, The Glee Club, Oratory and Elocution, McKinnon Scholarship, School Spirit, a picture of South Calgary School.

School Papers: The Clarion, The Live Wire, S.C.H.S. P.T.A. Hockey, Championship Free Education, Valedictory, Honourable Mention, Bennett Scholarship, Rugby Banquet, Christmas Cards, Western Canada High School, You Same Paper, School Sport, Basketball Championships, Alpha Delta Phi, Literaria.

As the pages are turned, we read some of the contents more closely.

"This little booklet represents an attempt to fit a wart in our school life that is felt to a certain extent by all pupils."—(T. K. A. S., '21-'22).

"Numbers, however, do not make the waste of a school, but rather its activities, its atmosphere, and its ideals. We know that 'all work and no play makes Jack a dull boy,' but we try not to forget that without hard work Jack's head may be empty and his after-life of much less value to himself and to his community."

(Miss MacNab, '21-'22).

"True school spirit. It is embodied in the thought that if a pupil has the best interests of his school and fellow students at heart, he is morally bound to play the game fairly, both on and off the field." (George S. McVeer, '24-'25).

"We are building a character a soul for the South Calgary High School of the future." (H. L. Richard, Editor, '26-'27).

"The teams were loyally supported by the teaching staff and the students, all pulling on the one rope." (John H. Lincoln, Editor, '27-'28).

YEE MING

Winner of the McKillop Scholarship
for Grade XI, 1935.

JAMES JOYCE

Winner of the Archbishop Desmond
Scholarship in Grade XII, Latin and
Mathematics, 1936.

"Let those in the higher grades get behind every school activity and those in the lower lend their undivided and zealous support and in a very short while you will have a school of which you will be proud."—(David J. Adams, Editor, '29-'30).

Again an editorial committee of Western Canada thanks its supporters. And by supporters we are confident that we include everyone in the school. Some of the staff and many of the pupils have given special contributions of their time and energy in its production.

Before us are those hundreds of school mates who have left us a worthy heritage; around us are the friends of to-day; behind slowly but surely come our future Westerners. In front stands a cheer leader, "At right, everybody, Gazilla—

"—Red and Green forever,

"Western Canada ever more."

Honorable Mention

Results of Year Book Competitions

1. Best Cover Design—(1) Eric Wason, Class 3, (2) Stasie Kruta, Class 5; Special Mention, Bill Marshall, Class 7
2. Best Cartoon— (1) Eddie Wing, Class 1, (2) Bill Marshall, Class 7, (3) Benish Dove, Class 13, (4) Graham Sexsmith, Class 13.
3. Best Humorous Verse—(1) Jack Peach, Class 5.
4. Best Serious Verse—(1) Margaret Cavston, Class 1
5. Best Essay— (1) Wallace Joyce, Class 3, (2) Eddie Wing, Class 1, (3) Donald McLaws, Class 7, (4) Philip Hanfield, Class 2.
6. Best Short Story (Serious)—(1) Leonard Berenson, Class 3, (2) Charles Perkins, Class 2.
7. Best Short Story (Humorous)— (1) Arthur Davidson, Class 1

Best Standing, School Examinations

FOR THE YEAR 1929-30

Fourth Year (Grade XII):

James Joyce, Elva Saari, Mary Duncan, Betty Bunsell, Philip Collier, John Collier, Helen Ford, Elsie Topping, Dora McPherson.

Third Year (Grade XI)

Arthur Davison, Yee Wing, Robin Hind, Marice Aikenhead, Beatrice MacKay, Enid Clarke, Iris Dingle, Douglas Robertson, Isabel Fleming, James Kilroe, Dorothy Nelson, Ella Kinna.

Second Year (Grade X, Part XI)

Staave Kruse, Wallace Joyce, Eric Waack, Madeline Austin, Walter Johns, Essene Hacker, John Chastor, Helen Charyk, Richard Sharples and Sadie Grainger (equal), Raymond McLean, John Stevenson, Harold Nelson, Dorothy

Goodman and Arthur Davis (equal), Nellie Douglas, Charles Sherring and Isabel McRoberts (equal), Joe Walker, Yvonne Stenberg, Joe Mahood, Gertrude Webber

First Year (Grade IX):

Rothsae Bell, Elizabeth Fee, Margaret Wallis, David Collier, Geraldine Mayer, Toby Katzin, Vivian Clarke, Jean Robertson, Helen Webb, William Yule and Grace Webber (equal), Harcourt Smith, Dorothy Cutsaw, Frances Cutsaw, Barbara Jarman, Mary Davidson, Margaret Irving.

**Best Standing, Departmental Examinations
1930**

Fourth Year (Grade XII):

James Joyce, Mary Duncan, John Collier, Helen Fern, Muriel McNab, Elsie Topping, Philip Collier, Elma Saari, Betty Biedel, Max Fleming and Dora McPherson (equal)

Third Year (Grade XI):

Arthur Davidson, James Kilroe, Yee Wing, Emil Clarke, Allen Knoepfli, Kathleen Cogrove, Marion Albenhead, Marjorie Birtwell, Marion Norris, Jack Petrie, Douglas Robertson, Paula Mayhew.

Second Year (Grade X):

Stanve Kruse, Wallace Joyce, Maxine Austin, John Chaston, Arthur Davis, Helen Charyk, Joe Walker, Eric Wales, Richard Sharples, and Charles Sherring and Bessie Hacker (equal), Gertrude Webber, Robert Hood, Margaret Webster, Walter Jones, Sadie Granger, Nellie Douglas.

First Year (Grade IX):

Rothsae Bell, Margaret Wallis, Helen Webb, Frank Johnson, Geraldine Mayer, Kenneth Robertson, Lloyd Hutton, Harcourt Smith, Elizabeth Fee, Gertrude Scott, Grace Webber, Maurice Groberman, Vivian Clarke, Lily Waterman, Dorothy Becker, Dorothy Cutsaw, Marjorie Bagnall and Kathleen Bulmer (equal), David Collier, Kenneth Clarke and Toby Katzin (equal)

The School Boy's Lament

Arithmetic has wrecked me,
I knew it would infect me.
And I thought I'd get to like it, now I
cannot think for pain
At logs and at taxation
I've worked to desperation,
Now no longer level-headed, I've an
addled, shrivelled brain

I sob through fourteen questions,
(The book gives no suggestions)
Then my pencil dashes earthward and
the lead breaks on the floor
It is then I get up screaming,
And my face is fairly beaming
In a manner seen on faces in behind
a padded door

I have found school too nerve-racking,
So I'm going to do some sacking,
Then I'll join a monastery and put ashes
on my pate
And to soothe ascetic cravings,
I'll do number work with shavings,
And await in solemn silence the arrival
of my fate.

But alas! I still feel squeamish,
And perhaps a little beamish,
Though the maddest madness has quite
vanished, I've a pain
I think it's that taxation
That I cursed in desperation,
Do you dare to think I'll ever be my
little self again?

—J. S. Peach.

Our School—Past, Present and Future

DONALD F. McLAWS

I am not alone in thinking that the present-day American educational system is not doing its best. I am one of a large number of people who have been with me in this conviction, and a growing number of people who have been with me in this conviction.

Many changes have to be made in the American educational system, and it is not only the government but the people who must make these changes. Many have been the efforts to make the American educational system better, but the results have been disappointing. It is not only the government but the people who must make these changes.

I am not alone in thinking that the present-day American educational system is not doing its best. I am one of a large number of people who have been with me in this conviction, and a growing number of people who have been with me in this conviction.

Personals--1929, 1930

Enquiry regarding the whereabouts of students who left school at the end of the school year, 1929-30, has elicited the following information, which is correct as far as we have been able to learn.

The class in which each was registered last year, is indicated by the figure following the name. Classes 1 and 2 were Fourth Year classes, classes 3, 4 and 5 were Third Year, class 6 was part Second and part Third Year, classes 7, 8, 9, 10 and 11 were Second Year, and classes 12, 13, 14 and 15 were First Year.

At Alberta University

Albert Beavers (1), John Collier (1), Helen Ford (1), Mazah Goldberg (1), Irwin McNeil (1), Hank Kruse (2)

At the Normal School

Israel Abramson (1), Mae Fleming (1), Mary Genge (1), Margaret Hardy (1), Marjorie Irwin (1), Doris Kuhn (1), Dora McPherson (1), Betty Stevenson (2), Mildred Vancil (2), Louise Adolph (2), Betty Biddell (2), Roberta Bottomley (2), Maude Dornford (2), Marie McFadden (2), Arthur Polley (2), Kathleen Smith (2), Helen Steinback (2), Elizabeth Young (6), Maude MacLeod (6), Beatrice Moir (6)

At Commercial High School

Rose Campbell (1), Daisy Gougeon (1), Mary Duncan (1), Edward Fearman (1), Mary Gibson (2), Ned Ha (2), Hubert Hystwage (2), Margaret Snowdon (1), Isabel Fleming (3), Leona Martians (3), Ruth Simonton (3), Douglas Johnston (5), Anorth McMullen (5), Alberta Oswald (5), Morris Cameron (6), Herbert Hall (6), Gwen Snowdon (6), Dorothy Goodman (7), Ronald Jenkins (7), Margaret Atherton (9), Margaret Gow (9), Peggy Holt (9), Lena Johnston (9), Albert Weston (10), Malvina Clark (10), Hazel Thompson (11), Winona Young (11), May Groundwater (11), Sachsisie Palmer (11)

At Other Educational Institutions

David Adams (1), is at University of Minnesota.
James Joyce (1), is at University of Toronto.
Herbert Bagnall (1), is at Brandon College.
Dorothy Mayhew (1), is at Queen's University.
Malcolm Harding (1), is at Technical School.
Dorothy Hobbs (2), is at University of Toronto.
Gordon MacAllister (2), is at Royal Military College, Kingston.
Stewart Piper (2) was at Royal Military College, but is now at home because of ill health.

Iris Dingle (4), is at College in San Mateo.
Dorothy Maxwell (4), is at Mount Royal College.
Evelyn Stockton (5), is at Manitoba College.
Helen Courty (1), is at Alberta College, Edmonton.
Bob Brown (6), is at University School.
Arthur McLeod (6), is at Mount Royal College.
William Ogden (8), is at St. Mary's School.
Winifred Wilson (9), is at Technical High School.
James Douglas (10), is at Technical High School.
Wesley Greer (11), is at C.C.I.
Ruth Penstock (10), is at Shawanigan Lake School.
Roland Dyke (13), is at East Calgary High School.
Joe McMullen (14), is at Crescent Heights High School.
Dona Mennies (14), is at Ashby College, Ottawa.
Hugh Warren Shaw (14), is at Brentwood College.
Doris Dipple (15), is at school in Victoria.
Elva Riley (15), is at C.C.I.

PERSONALS—(Continued)

Claudia McMiller (15), is at Crescent Heights High School.
George Poole (1), is at Mount Royal College.
Adale Templeton (4), is at C.C.I.

At Business College

William Davidson (1), Robert Kodumytha (1), Sophie Daniels (2), Charlotte Duxbury (4), Ruth Marider (8), Patricia Russell (10), Gwen Mitchell (12), Lauder Newers (5).

With Business Firms

Bill Cawston (3), is with the Hudson's Bay Company
John Pittsairn (4), is with Herald Printing Office
Margaret Horner (4), is with General Electric.
Norman Colley (4), is with the Royal Bank.
Patrick Buchan (5), is with the D. J. Young Co.
Thomas English (5), is with the Bank of Commerce.
Aan Humphries (5), is with Price, Waterhouse—Chartered Accountants.
Philip Hutchinson (5), is with the T. Eaton Company
Francis Buchan (7), is with the Bank of Commerce
Andrew Devitt (10), is with the Temple-Duff Drug Company
Alex Cartwright (11), is working at the Post Office.

Otherwise Employed

Peggy Hawes (1), is teaching school.
Muriel McNab (1), is at home.
Marty Kelly (3), is on board ship.
Jack Wilson (3), is on a farm.
Blanche McMorphy (2) is training at the General Hospital.
Jean Kelly (4), is teaching music.
Marnie Olund (5), is about to go in training at General Hospital
Hilda Wright, Max Butler (1), Muriel Brown (2), Gordon Hoskin (3), Lois Brown (4), Dorothy Mercer (4), Muriel Snell (4), Samuel Nickle (11), Margaret Harcourt-O'Reilly (11), Norman Bolton (4), Abree Hendren (12), Dorothy King (15), Robert Knight (14), Gladys Sampson (13), are, we understand, spending the year at home.

Living Elsewhere

Elma Saari (1)—Edmonton, Alberta.
E. Sue Topping (1)—Okotoks, Alberta.
Phyllis Tarr (2)—Empress, Alberta.
Marian Goulding (4)—Los Angeles, California.
Lawrence McLeskey (4)—Detroit, Michigan.
Shuela Taylor (5)—Empress, Alberta.
George McDougall (5)—Cochrane, Alberta.
Catherine Marshall (5)—Lethbridge, Alberta.
Isabella Polinkas (5)—Moosejoe, Alberta.
Dorothy Prince (5)—Didsbury, Alberta.
Maryjoy Birdsell (6)—Didsbury, Alberta.
Nellie Douglass (3)—Vulcan, Alberta.
Ragnar Geström (6)—Regina, Sask.
Edson Rodell (7)—Winnipeg, Man.
Irene Kelley (7)—Edmonton, Alberta.
Verna Davidson (8)—Vancouver, B.C.
Raymond McLean (8)—Winnipeg, Man.
John Garabek (9)—Mile, Alberta.
Dorothy Bailey (10)—Delacour, Alberta.
Louise Gline (11)—Portland, Oregon.
Mable Dubelt (12)—Myram, Alberta.
Gertrude Hurd (13)—Edmonton, Alberta.
Jack Malcolm (13)—Harley, Alberta.
John Proby (14)—Moved out of the city.

PERSONALS—(Continued)

Donald Cline (14), Portland Oregon.

Hope Corkum (15)—Vancouver B.C.

Leilan Kirkpatrick (16)—Wainwright, Alberta.

We are sorry to say that we have not been able to locate the following students:

Doris Secord (2), Mabel Clipham (3), Douglas Shortt (8), Joe Mahood (8).

Bertha Elson (11), Charles Beaupre (11), Gene Ramsey (13)

Personals 1930-1931

Max Wintrobe (1), Commercial High School

Dorothy Langley (11), East Calgary High School

Garnie Libble (12), Crescent Heights High School

Ida Roginsky (11), East Calgary High School

William Stewart (11), East Calgary High School

John Heath (3), Working Dominion Gas & Electric Co.

William John Clark (6), is attending Business College

Bob Durno (12) at Technical School

Luciel Goodman (11), Calgary Symphony Orchestra

Donald McEer (12), living at Kamloops, B.C.

Donald Mercer (14)

Oliver Holmes Peacock (13), Technical School

John Watts (12)

Charlotte Lawrence (9), moved to B.C.

Kathleen Kimball (3)

Charles Alexander (2), at Business College

John Burke (1), at Toronto General Trusts

Jack Cawston (2), at University School

Mary McCormick (2), at home

Marjorie Price (1), at home

Jack Hutton (8), at home

Erna Langer (7), at home

Margaret Purcell (4), at home

Bern Smith (7), at private school

Aurora Hawkes (11), at home on account of ill health

Karl Birks (9), with Imperial Life Insurance Co.

Wolma Porteous (5), is married

Stewart Cameron (2) Mount Royal College.

Thoughts at Sunset

Life is like that. Cast up those eyes,
And let it search you, same vast sky,
Blue,—yet sometimes gray,
Sunshine,—yet mostly clouds,—
But turn again and gaze o'er there
Look out anew, forget thy care,
Transform thy soul with beauties fair,
Drink in that masterpiece so rare!

Yes, life's like that: we artists are
God given a picture to make or mar,
He gives us a brush—paint!
He gives us a canvas—beautify!
And on our canvas we shal find
(If worldly things don't make us blind)
That the trivial mishaps are left behind
And even the clouds have been silver-lined

Margaret C. H. Cawston.

The Fourth Year Class

Who They Are, Where They Come From, What They Are Like, and
Other Interesting Details

To be considered a member of the Fourth Year a student must have to his credit at least 18 units.

"Not human bodies are we only
For a better college and school,
That when our real life purposes there,
They seek ever themselves to free there."

Burns

BIOGRAPHIES

FREDERICK DAVID AGNEW Kicked the snow out of his cradle in Calgary sixteen years ago. Entered school for at least Grad at under South Cal go, and ultimately reached Western Canada. Fred's has a ready smile for every one. He was a member of the hockey team of 1930 and Captain of the 1931 team, which was defeated in the finals by a small score. He was one of the shining lights of the team. Fred is also a member of the Year Book Committee of 1931. Next year will find him at Queens University or Business College. His favorite expression is "house," and he spends most of his time thinking up jokes for the Year Book.

"With his smiley'd, unbroken lip,
His dream of books, his love of fun,

EMMA LAURA VICTORIA ANCIEN Emma was born in Louisiana, and took public school and the first three years of High school at the Louisiana Concentrated school. Setting out for the South last September Emma came as far as Calgary, now our school, and immediately changed her ticket to more southerly ports. She likes art, literature, music, dancing, skating, singing, nearly everything. Next year she joins the ranks of the Normal students. Confident all, Emma hopes some day to become a prima donna and sing grand opera.

"She studies music, I mean

FERN BEATRICE ATKINSON Fern started to enjoy life about seventeen years ago and has been breaking hearts ever since. She first tottered at Mount Royal, and then trekked daily up the hill to "South." She came to Western like a good many other wise scholars and for the past two years has been winning to its attractiveness. She is on this year's Year Book Committee. Next year, she intends to go to U.B.C. and become a doctor. Her ambition is to fly an aeroplane and to meet a handsome millionaire's son. She has all our good wishes.

"She was a force of life and light."

ELNORA BEATRICE BAILEY Starting life in Edmonton, Elnora landed at an early age, that it would be to her advantage to come south to Calgary. Here she attended Sunalta, South Calgary, and now Western. Nora is intending to go to Normal next year. She likes to travel.

"Always reliable, always kind,
As good a friend as you will find."

DOROTHY HELEN BAXTER First opened her eyes in our fair city, but while she was too young to have any say in the matter she was taken to Edmonton. By the time "Dode" was fifteen she realized what she was missing and returned to Calgary. Here from lack of knowledge she entered C.C.I. but in the following year came to our renowned institute where she is a member of Rho Sigma Tau. Dorothy is going to McGill next year to learn the duties of a secretary. She is highly thought of because of her kind and agreeable disposition.

"Fair was nothing better word
Than a true and noble friend."

MARJORIE HELEN BAYNE—Our little ray of sunshine is generally very conspicuous by her absence. Having from Banff Helen came to Calgary in hopes of learning more about our city. She came to Western Canada from Earl Grey via South Calgary. Helen makes her presence felt by the odd song usually at the wrong time but give her time and the "H" will change to "E." She displays executive ability as chairman of the business committee of "you name paper."

"A happier girl with spry legs
Beloved by friends, both old and new."

RUTH LEONORE BENEDICT Ruth was born right here in Calgary too, and has received all her education in this city. Having attended Earl Grey, Elbow Park, C.C.I. and now Western. She is very fond of acquiring tennis and dancing. Her ambition is to go to Alberta University to be a dietitian and also to get her L.A.R. in music. Best of luck, Ruth.

"I know a maiden fair to see,
Take care!"

JOHN WRIGHT BIRKS To the delight of the old students Johnny's tall form darkens Western Canada's door again last '31. He has been attending Brentwood for the past two years. As a wee lad he was never contented to settle down, he wandered over the western provinces looking for new stamping grounds. From Calgary he set course to come as early as he could. C.C.I. South Calgary was next as far as Brentwood and then he heard about Western Canada. He was an active member of the Iota Sigma Chi and was elected to the Year Book Committee. Shortly after Christmas he accepted a position in business, and we wish him every success.

"Stately and tall, he moves through the hall,
The start of a thousand tap shoes."

CLIFFORD M. BLOW All aboard for McDougall Central, C.C.I., and that haven of havens Western. And he did. He taught the train and he's here. Doesn't say much. How can he in that corner of Class 2? My ambition is to travel. Let me see—make it the Moon or Mars."

"I think the best advice is to restrain the tongue."

DONALD WILLIAMS BOND Once upon a time in the town of Champaign, Alta. a fair little boy, by the name of Donald Williams Bond, was born. "Don" has spent most of his life in his native town and obtained much of his school training there. But like many others, he was lured here by the lure of W.C.H.S. We can't blame him for that! What do you think he has in mind for his future? Try to find out!

"Still patient in his simple faith millions
Till the wise stars decide."

WILLIAM HARLOW BOWEN—(As taken from "The Year Book" Canada's foremost school paper 1945.) H. Bowen, a Senior Rugby player in 1929-1930, and an Iota Sigma Chi in 1930-1931, is now a member of parliament for his home town. He was raised on Alberta's sunshine and Western's tonic and so he had to achieve that ambition (see Year Book 1929-1930).

"Happiness grows at our own borders and is not to be
plucked at distant gardens."

EDWARD CHESTER BRITTON, B.S. & P., F.O.B., C.O.D.—Was born right here in Calgary. He has never found it necessary to go farther a-field in search of his education having attended only King Edward and South Calgary before coming here. So I guess you'd call him a real home-grown product. Speaking of "home-grown," that's Ted's particular hobby, he even intends to go to University to take a course in Scientific Agriculture. Well, they say that's what the country needs. So here's luck to you, Ted!

"To plow and sow And reap and grow."

ALLAN BROWN—An Allan we have a native son who attended King Edward and South Calgary and then moved to St. Mary's Boys'. Not being able to stay away from us any longer he joined us again at Western Canada. Allan is one of those talkative full of fun lads who brighten up many others on dull periods. He has distinguished himself as a senior rugby player (1939-1942) and chess player. His forecast ambitions are to get more rugby tickets than any one else, to put one over the study room teacher and some day to attend University for a course in chemical engineering.

"Too hot that day, heh-heh-heh!"

JULIUS BULSHIN Took off from Russia direct for Western in 1925. He registered at Connaught and Western Canada Boys. Now he claims a front seat and a leading place in Class 2. Takes time to indulge a little in several sports. Alberta or Toronto are his next stops.

"Courage and persistence have a magical solution."

STEWART CAMERON—Our Bastinas "Stew" was born (we don't know when) right here in Calgary. The "re-heated warchief-maker" of not only Class 2 is noted for his extremely clever cartoons and also for "I don't think I was here for that, sir." "Stew" left us a little over a month ago for Mount Royal College, where he says he is really working. He doesn't know what he will do in the future as it takes too much thought to decide.

"Work and worry have killed many men, so why should I take the chance?"

MARJORIE VANHARO CAMPBELL—Marjorie Vanharo began a visit with her parents in Vancouver which has lasted for the past 12 years. Some ten years ago she crossed the Rockies and arrived in Calgary where she attends public school. She went to South Calgary but came with the rest of us to Western Canada when it opened. She is a member of the Rho Sigma Tau. Next year she leaves us for Toronto, where she will attend the Margaret Eaton School.

"These were, affectionate and glad
That seemed to live whatever they looked upon."

RHETA REBECCA CAMPBELL—Rheta was born in Calgary and then before she was old enough to protest her parents took her away to Champion. Rheta registered a silent vow to return. But an opportunity did not come until last September after she had completed public school, and the first part of high school. Her hobbies are three—"music, reading and sports." Next fall she will enter Normal with others of our classmates.

"Her quiet manner changes never,
Beautiful and true she leads her crew."

JANET MACFARLANE CANNING—Was born in Glasgow, Scotland, nineteen years ago—and is proud of it. She crossed the pond in 1921 and came across the prairies to reach Calgary. She attended King Edward public school and then went up stairs to South Calgary High. She followed us to Western, but leaves us next year for the University of Alberta.

"A charm attracts her everywhere—
A sense of beauty."

JACK ALEXANDER CAWSTON (JAKERS)—Shot like a meteorite across our horizon this fall, then disappeared with a splash into the Pacific near Victoria. We do not need to review the past history of this swimmer. Enough to say that he has left a host of sorrowing companions, and one particularly sorrowing one. At present he is attending University School near Victoria, and under the fatherly guidance of the prefects is still pursuing his swim. He was active on the Year Book Committee of 1930, and a member of the Iota Sigma Chi. Next year he is going to the University of Toronto to study Architecture. Good luck, Jakers!

"Nothing came the popular name I seek
This infrequent name is find some ease."

MARGARET LATHERINE CAWSTON—Marg is another of Calgary's fair-skinned, brown-haired daughters. Marg first climbed up the hill to Earl Grey for her early education. Following that, she walked up and down many hills to good old South and now she runs down the hill and across the fields to the Western Institute. Favorite expression: "I don't know what would I going to say!" Her aim is to be a nurse—both vocal and piano. Marg is a member of the Rho Sigma Tau society. Margaret has not decided yet whether to return to school and finish her Senior Matric, or to stay home and study music next year.

"Here South the soul exulted
By melody of song."

ENID BUGH E. CLARK—Enid was born in Saskatoon, Saskatchewan. Growing older, she often wonders and moves to where she could see the sunny hills of Calgary. She received all her education here, attending Earl Grey, Bow Park, S.C.H.S. and now Western. Her interest has a star gazing, but her kind activities show she intends to go to Varsity after teaching school for a while.

"Her modest looks the cottage might adorn
Sweet as the primrose peeps beneath the thorn."

MARY HILDA CLARK—Her first home was in New Glasgow, Nova Scotia. Craving a more exciting atmosphere she made her way to Edmonton and then to Calgary, where she attended South Calgary and Western Canada. She intends to go to Normal next year, to earn the teaching profession. Hilda's main ambition is to live until 1980, to see if "Just imagine" comes true.

"Smiling smile and laughing eyes,
Breaks out from her little eyes."

SARA LUCY CLARK—Deserves her native town of Roseton, one year to become a student at our high school. Lucy is one of the few quiet members of the class who always have their homework done. She plans to attend Business College next year, to become a stenographer. Her main ambition in life is to see Mars.

"Serene and modest and still and
calm and self-contained."

KATHLEEN FLORENCE COLENOV—This female is miss was born in Calgary. She flitted about a good deal in early years but finally settled down at South Calgary. She likes Fern and Betty and everything else except poached eggs. She intends to enter Varsity next fall and take a three year course in nursing. That is what you call ambition! Good luck, Kathleen.

"Those dark eyes—so dark and so deep!"

EDWARD PHILIP COLLIER—Phil is only another bright member of the Collier family which came from Saskatoon. He has travelled far and wide trying to find a stopping place and finally came to Calgary. Phil has been in active service under the Red and Green for five years. This same youth was captain and quarterback of our Junior Rugby team which won the 1930 championship. He certainly was a snappy quarterback! Phil is a member of the W.C. H. Y. Club. As to his future he is not certain yet.

"What's he got was done with so much cheer!"

GEORGE CROWF George first saw light in Toronto, 1912 but the East couldn't have agreed with him for he soon came to Calgary where he attended Earl Grey before graduating to South Calgary. He followed the rest of us down here to Western where for two years his favorite pastime has been "blowing in and out" in the most kind of classes that "getting in wrong" with several of our teachers. His ambition is to go through Variety and get a degree in Commerce. As to what he really will do he hasn't decided yet. Has anyone any suggestions?

"Have composed of ability, frolic and fun
Which combined a job, and released us a gun!"

ELIZABETH MARY CUTLER First opened her brown eyes in Wetaskwin, Alberta. Next came to Calgary at an early age attended Mount Royal public school. She started her high school career on the top floor of Connaught School and migrated to C. I. I. Having stirred up enough trouble among the winking youths of that institution she came to try her luck at Western Canada. Her present ambition is to become the Intermediate Basketball star.

A dream started in the night
And a dream came true.

ARTHUR CAMPBELL DAVIDSON This headmist student of ours claims that he is a native son. He attended Mount Royal and Connaught public schools, and after completing Grade IX at the latter he awarded the heights to the farm as O. H. N. For the year that Art was up at Old South he exhibited very good work as a scholar. He then followed us down to Western. His hobbies are canoe and photography, but his chief desire is to be a civil engineer. To outwit Robertson is his chief ambition.

"To know him was a liberal education."

GEORGE WILLIAM DUNSON This curly headed youth was born in Kimberley, Sask. He visited the Old Country before he was six. Not finding enough action in his native town George came to Calgary. He attended Hildhurst and Mount Royal public schools before he joined the ranks of Western. George is the president of the W. C. H. Y. and also a member of both the Gamma Phi K. Y. and Iota Sigma Tau Clubs. He is very fond of going up in the air as far as a plane though his intention is to be an electrical engineer.

A true Scotch ladle in early days—
You can find a better spot anywhere.

PHYLLIS CLEMENCE CAMERON DOBSON We all like Phyl. And why not? She is a well meaning, gay, nice happy. In fact her gaiety is only rivaled by her courage. Phyl came from Montreal and Toronto about three and a half years ago. Basketball is her obsession and she played on the Intermediate Championship team of 1930. In 1931 she played Intermediate Basketball, was on the Year Book committee and is a member of the Kappa Sigma Tau.

Jully and forever smiling,
Others to help she's always willing."

MARGARET FRANCES DUNDAS Marg is a true native of Calgary and has taken all her High School work at South and Western. She has been on the Year Book Committee for the last two years and is a member of the Kappa Sigma Tau. Marg still cherishes the ambition to become the private secretary to a millionaire's son, but thinks it is wise not to depend too much on it, hence she is going to Library School in Toronto next year. We wish her success.

Interest—Is there a letter for me?"
Fustiness—Talked to Phyllis.
Pensive Expression—"Oh! I think he's wonderful!"

"To me here is to love
And love has his rewards;
For money made her what she is,
And never made another."

DONALD ALFRED EBSWORTH This son of Calgary first showed signs of life almost twenty years ago. He began his public school education at King Edward and then went to South. Next year he expects to attend McGill to study medicine. We hope he will find this even more profitable than running miniature golf courses and raffles.

"One of the few who have a mission
To cure incurable diseases,
By those that are so called."

CATHERINE GRACE ECLYSTON Calgary claims this young blonde only as another of her native daughters. Grace attended King Edward Public School, went on to S.C.H.S. and then came on to Western with us. She most emphatically objects to anyone calling her "Gracie". Spends most of her time in trying to cultivate the art of not blushing and also in trying to make Jack stop annoying her. Act 4 type—Grace is a member of the Year Book Committee of 1930 and 1931. She is also a member of Rho Sigma Tau sorority. Grace plans to go to Normal now, then sometime, to University.

"Fashioned as slender,
Young and so fair."

CORA JANE ELLIOTT Cora is another of our native daughters. She learned how to concentrate on Algebra III in Central public school and goes old South Calgary. She taught for two years but failed with a desire for further learning she is back again securing her senior matric. Cora is not sure of her future occupation so she tells us, but we know that whatever it is it will be well done.

"Things done well
And with care, exempt themselves from loss."

DOROTHY M. FINDLAY Is a genuine Calgary product. She attended Earl Grey, C.C.I. and finally Western. Dorothy intends to go to Business College next year as a first step in becoming a private secretary. She is a firm believer in the old adage:

"We laugh within my lips I roin,
For who tells such most tell us soon."

MARJORIE ELEANOR FLORENDINE Mary speaks for herself. "I first saw light of day in January seventeen years ago in Calgary. Leaves my school at King Edward public school. After eight years seeking greater knowledge, I went upstairs to join the S.C.H.S. gang. And following the Red and Green, I came to W.C.H.S. I enjoy sports and am a great rugby fan. My chief worry is getting "Virgi" for Mr. Collier. I am not quite sure whether it will be Normal or Variety next year."

"Oh temper sweet, of rioting will,
Of sin yet placid mind—"

AGNES GIBSON One of the intellectual members of Class I. Agnes first saw light at Carleton. Coming to Calgary when she was five years old, this modest maid has always come to the aid of her classmates by furnishing the necessary answers, when everyone else is "stuck". Agnes is very fond of skating and swimming, and intends to study medicine at the University of Alberta. Good luck, Agnes!

"Her teachers desire her a pleasure to teach,
Be death, or good, or shrewish, or such."

FRANCES PATRICIA GIBSON Pat was born in Calgary, attended Mount Royal public school and then, as the saying goes, she trudged up the hill to South Calgary. She is one of the quiet ones of our class, but she certainly knows how to work. Pat expects to go to Toronto next year to get her degree in Household Economics. She is the kind who is like wherever she goes.

"She is not given to words or strife,
And soon a friend, a friend for life."

ARDEN GOODISON—Filled his pockets with Chinook winds and born in from Victoria, B.C. He brought ambitions with him but says he can't decide on a life sentence. In the meantime he has played rugby for the Intermediate and taken swimming lessons with the Senior Hockey team. Admits he likes our school on Saturday.

"We better live our best to-day."

DOROTHY JOSEPHINE GRIFFITH—"A jolly good fellow" she has a reel and a waltz for all. Dorothy has attended Hillhurst and South Calgary High School. She is on the Year Book Committee and is a member of Beta Sigma Tau. Next year Dorothy goes to Victoria to become more versed in the art of cooking. She is getting high up in the world; in fact, tomorrow she says she intends to fly. Pastime: trying to keep her hair up.

"My best, my bestest, much respected friend."

ANNE ELIZABETH HIND—Anne gave her first glow of bright over the world in getting a Pass, England. She like all wise people was soon attracted to Alberta. From Vermilion she came to Calgary where she attended Crescent Heights and Western schools. Next year Anne intends to go to England or to take up a business course at Mount Royal College. She says her favorite pastime is meeting and putting away Chocolate Malted Milk.

A maiden has destiny and altogether charming.
Revered with a sweet dignity.

HELEN EUGENIA HOLM—Some seventeen years ago the little town of Champlin earned its right to a place on the map by becoming the birthplace of Helen. She attended public and high school there. She came to Calgary, saw the noble city of Westerns and decided to stay. She knows at getting too much French for the grace of most of the rest of us but we don't hold it against her. She is preparing herself for the role of school matron, whom she plans to have her revenge for her present trials and tribulations.

"Be with the hammer."

ALLISTER ANDREW IMRIE—"A" was born in Toronto. He received most of his public school training there before he went to Kitchener where he later attended the H. I. But "A" craves action so he came to Calgary and joined the Western wing. He played for our famous Senior Rugby team which won back the flag as the Provincial Champions of 1910. He certainly was the star of our team and is regarded as the most prominent figure in Intermediate rugby and football. "A" is now a member of the Beta Sigma Chi Club. This young man is doing his way toward University, where he intends to take up either medicine or engineering.

In many sports he plays a part,
And in the right place is his heart."

BRAINARD SHIELDS IMRIE—"Buns" new to our school this year hails from the little city of York (Toronto). From there by fast express, he dropped off the sign at Kitchener where he excelled in baseball, hockey and rugby. But when traveling he determined to go to the coast. Luckily for "Buns" however the conductor put him off at Calgary. He is in the H. Y. Club and a member of the Intermediate Championship Rugby team.

"Dark brown hair and bright blue eyes,
Always good natured, and not in jest."

GEORGE JONES—George was born in Calgary he won't tell us when. He learned his three R's at Mount Royal Palace and then went up to good old South Calgary. Letting practically all his subjects off he attended Norma for a year and has been teaching for the last two years. Then one day he would like to be a "he" see more last fall found him at Western. He is Chairman of our Year Book Committee and his services have been invaluable. He doesn't say what he intends to do later on but whatever it may be we wish him luck.

"Oh! He sits high in all the people's hearts."

LOUIS DAVID KAPLAN. Was born in Calgary in 1914. When he was quite a "free-lance," he lived in New York for about a year and then took to traveling again. After thoroughly exploring the U.S. he came back to Canada, and attended school at Ontario for two years, finally reaching Western Canada last fall. He will enter University to take up Chemical Engineering, and says he will remain there until he gets his degree, which we hope won't be long!

"This youth has come and go it's

MARJORIE ALBERTA KIDD. Was born in Calgary some nineteen years ago and has been adding sunshine since. She attended King Edward and, upon graduating from there, she went upstairs to S.C.H.S., later coming to West ern. She left us, however, at Christmas, and went to Santa Barbara. We all miss her quiet, shy ways and sunny smile.

"The serene effect of pure innocence
Persuades when speaking facts."

JAMES RAY KUINOL. History records that seventeen years ago, James was born in Laramie, Wyo. Alberta. Like the Arabs of old, he has wandered about much, living in Montreal and other eastern cities. He went to King Edward and South Calgary, before coming to Western to show us how Algebra 2 should be done. He has not decided about his future yet, but says he would like to travel a bit before settling down.

"The man who with undisturbed faith
Tells nothing, tries to achieve unity,
What serious students trust his sight—
What stranger students dare he write!"

GORDON GROSS, KING. Made a good start at Abernethy, Saskatchewan, and Three Hills. His choice of schools reveals his sense of values. We are certain that Educational Psychology, Primary Methods, and all the Normal School subjects will soon have a keen student. Gordon studies them well in Chemistry and is right at home when asked such questions as, "Describe the life of Samuel Johnson."

"He who would do some great thing in this short life
Must apply himself to work."

ELLA KINNA. Ella was born in the town of Fokville, Alberta, where she spent the first days of her youth, up to contact with her serious bent. When she learned all there was to know in public and high school there, she packed her trunk and came to our thriving metropolis. Long good judgment she enrolled at Western Canada High School, to complete her scholastic course. Ella can't say much, but she thanks a lot. Her ambition being almost anything.

A quiet conscience makes one so serene

ALLEN GERALD KNOFFEL. Among Calgary's many claims to fame is that of being the birthplace, some seventeen years ago, of our energetic Allen. His elementary education he receives at Mount Royal and Connaught and he has continued his search for knowledge at S.C.H.S. and Western. He is of an acquisitive nature, collecting being his hobby. Starting with stamps he is now we understand, saving different kinds of street car tickets. He was a member of the Year Book Committee, 1939. Concerning his future profession his mind is not definitely made up. We hope you choose wisely and well, Allen.

"Let humble Allen, with an upward glance
Be good to himself, and think to that it turns."

CLAUDE SPENCER LEA. Is justly proud of claiming Calgary as his birthplace. This precocious youth learned his abc's in Elbow Park and Earl Grey schools. Eventually found his way to our famous schools. Western. Expects to go to Normal as preparation for Varsity. His greatest ambition is to beat his sister in the final examination. Here's success to our future pedagogues.

"And possess scholar, what is fame?"

DOROTHY MAIDA LEA—First bestrode her kiddie car along the streets of Calgary. Her early education was taken after by Elbow Park and Earl Grey public schools. She finally found her way to Western Canada, where her ambition is to succeed in answering at least one of Mr. Pulleyblank's geometry questions, and to pass her ten subjects in June. Maida intends to take Normal next year, and become a regular "school marm."

"She always had a quiet smile
And a kindly word to say."

JEAN WINNIFRED LEES—Play up! Play up! and play the game! Jean surely does. If she plays the game of life as well as she plays basketball! she'll be a credit to Western. Our Jean's birthplace is Vancouver, but that isn't her fault and we'll overlook it as she has taken her high school work up Calgary and is headed for Alberta University. Jean is on the Year Book Committee and has played on the Senior Championship Basketball teams of 1930 and 1931.

"She is full of josh and jest!"

SOLOMON LIFKIND—Dardanelle Alberta is the birthplace of this youth. Becoming old enough to attend school he came to Calgary. Then the lure of the open country seized him and he went to Three Hills where he stayed long enough to receive part of his high school education. Then he moved back to Calgary and is at present with us. He has a high ambition, namely, not to be late for the rest of the year. When he graduates he intends to take a course in agriculture at Varsity and then go in for scientific farming.

"What! Dead! Ope! Give the deer
Solomon some, almost late once more!"

RAIPE LOUDYN—Ralph was born in Medicine Hat eighteen years ago. There he attended public school and high school. Tracked to Calgary last year and came to Western in time to make the Senior Rugby team. He leaves us next year for Normal.

A hardy frame, a hardier spirit."

CLAUDIA CATHERINE LYNN—This persuasive young maiden first started protesting in A1-y Alberta. Seeking variety and suffering from wanderlust she travelled across the province for a time but eventually the city lights lured her to Calgary. Here she went to a number of public schools and finally settled with us. Claudia is a prominent player on the Senior Basketball team. If nothing better comes along she will pursue her studies at Alberta University.

"For if she will, you may depend on't
And if she won't, why, there's an odd one!"

BEATRICE CLAIR McALY—This dark haired maiden first learned that all good little girls should play basketball at Sigger, Saskatchewan. Becoming more mature she came to Calgary and after attending Earl Grey and C.C.J., we have her now in our midst. "Trix" was on the Intermediate Championship Basketball team of 1930, and this year she is playing a great game on the Senior team. She is secretary-treasurer of the Girls' Athletic Association. She intends to become a teacher and "earn the children reading, writing" and "rithmetic."

"True happiness consists not in the multitude of friends,
But in their worth and choice."

PAUL EDWARD McLEOD—First breathed Calgary air in 1915. He attended Western Canada College, Central Public School and after three years at Shawanigan Lake has thrust for knowledge led him to the portals of Western Canada. His ambition in life is to be a barrister. Paul is a member of the school's Hockey Club. He likes riding and has sailing for a hobby.

"His years but young, but his experience old."

DOROTHY GAINOR McMILLAN Dorothy first opened her blue eyes in Saskatchewan about 1914, and travelled a good deal before she finally decided to settle in Calgary. She attended Earl Grey, Elbow Park and then C.C.I. before she came to us. Her ambition is to pass four subjects this year. Next year she will take a business course and then enter the Royal Bank.

"There's a language in her eye, her cheek, her lip."

MARY CONSTANCE McCOHMICK—Mary was born in Calgary and lives in Springbank where she received her Junior Matric in 1930. Aside from this, Mary's past is a deep, dark secret, as she left school at Christmas.

"She is of a shy and retiring nature,
And is most discreetly veiled
In a wealth of unknown tresses."

AILEEN MAY McCULLOUGH—Aileen first to res. her opinions in Canada some seventeen years ago. There she received her public and began her high school education. Feeling the call of the city she came to Calgary last fall and has been attending Western. She plans to go to Norma's next year.

"And her voice, it warms us truly."

DOROTHY MARGARET McKELP—Born in Regina. A little disappointed with the far-reaching prairies she came west to view the mountains. Dorothy attended Mount Royal Public School S.C.H.S. and then followed on to Western. She likes to swim and play tennis, but emphatically declares that she hates golf. She is a clever and industrious student and would like to study law, but says she will probably be a high school teacher.

"Follow him, thy choice."

WILLIAM COWAN McROBERTS—Was born in honey Scotland seventeen years ago. Since entering high school up at Ok. South, "Scotty" has been a consistent student and last fall he was one of the shining lights of our Intermediate Championship Rugby team. He has a sense of humor which is much appreciated by his fellow-students. His secret ambition is to own a "Yo-Yo." Concerning the future, he is not sure, but he will probably go to Norma's next year.

"It is the whimsical still of exuberance
To put a strange face on his own perfection."

PAULA MAYHOOD—First started Calgary people in 1915. Her early education was looked after by Mahtaan and Elbow Park Public Schools. She finally found her way to Western Canada where she has triumphed over all obstacles except Algebra 3. Her ambition is to go to Smith's College and catch a Harvard millionaire. Here's to her success.

"A hearty laugh—a merry smile—
Two dashes showing all the while."

KATHLEEN MILLER—Was born in Calgary. She entered Western by way of East Calgary, having received Grades IX and X at that school. We hear that she aspires to be a teacher of mathematics, so we wish her luck.

"With morning, over the man's exclusive fields
Beams creeping fast towards the female side."

DOROTHY IRVING NELSON—A native daughter who first saw light of day in early 1913. Forsook us for Edmonton where her public school days were claimed by King Edward. Convinced that Calgary wasn't such a bad place to live in after all, Dorothy came back for two years in South Calgary and two more in W.C.H.S. Her favorite sports are tennis, swimming, and badminton, and she is a past-master in the art of conversation. Cheerfully lends her homework to less industrious classmates. Dorothy plans to take a business course next year, mainly because she doesn't know what else to do.

"In the heart the dew of youth,
On the lips the smile of truth."

CLARENCE HAROLD NELSON. Clarence is a native son of eighteen summers. He enjoyed an extensive public school career—in Baskview, Mount Royal, and Sunalta. He was not so interested as to High Schools though, and selected S.C.H.S. with unerring foresight. During the last two years, he has proven himself to be a highly star of no mean ability now, was a dependable line-plunger on our Intermediate Championship team. He sheepishly admits he is spending his spare time working on two systems—one to beat the June Exams, and the other to beat the banks at Monte Carlo. If he accomplishes the former, he will grace some Business College with his presence next year. He is on the Year Book Committee.

"A man should choose with careful eye
The things he is remembered by."

CHARLES DOUGLAS NEVE.—This quiet youth first bared the light of day in Winnipeg some eighteen years ago. Claims that at the early age of four he foresees a brilliant future for our fair city, and therefore persuaded his parents to look westward. He attended King Edward and then moved his books and affects upstairs to S.C.H.S. Migrated with the rest of us to Western, and has since then been tasting the joys (and sorrows) of the Senior grades. Plans to leave us in June to work for the Dominion Government Grain.

"Work—work—work!
My labor never flags."

BERNIE LOYST NEWTON. At the beginning of the Twentieth Century two great events came to pass—Bernie Newton and the Great War. He started his travels by going from Glenside to Winnipeg. Winnipeg was too windy. He tried Regina. Regina was too cold, so he tried Calgary and he has. Tried anything else since. He attended Mount Royal and is now here where he can be watched. Bernie is a member of the Iota Sigma Chi Fraternity and also of the Year Book Committee, 1931. He is going to Varsity for an M.D. degree. He says he prefers blades, but they're a bit light handed. Tah Tah!

"He saw in every man a brother
And found in each a friend."

MARION MORRIS. First saw this good old work in 1915 in Saskatchewan. She apparently found things not lively enough for her there so she moved to Napreese, Ont. When tired of that city she moved again, this time to Rochester and there entered the High School. She came to us not so very long ago now, spends her time when not hard at work, in talking to Peggy. We wonder what she will do next year?

"Out of pride and scorn had sadness,
Gave me laughter, gave me gladness."

THOMAS HOLLAND OGDEN. Tommy honoured Cal Lake with his presence until 1925, when he came to Calgary. This year he is finishing up his Senior Matric may be in Western. He is an ardent exponent of the theory—"I'll betcha if a guy gets a job after Grade XII he'll be farther ahead four years later, than if he has gone to college." Tom has two apparent weaknesses—French 3 and blouses.

"Life is too short for logic, what I do
I do it simply."

MARGARET EDNA ORR. Edna was born in the town of Champion, where until last September she was content to watch cars hurrying north. Curiosity overcame her as she hurried after them arriving, of course at W.C.H.S. Edna is a conscientious student and a lover of music. She intends to go to Normal and later to University.

"The readiness of doing death express
No other but the door's willingness."

HENRY STUART PATTERSON. Alias "Hank" claims to be a native son. He received his earlier training in Earl Grey and Elbow Park schools. His plans for the future include the revolutionizing of the electrical world, although from past appearances in amateur theatricals, Hank should be a success in the ministry. We wonder.

*Some things burn, and some hang upon his ear
To gaze in his eyes and bless him.*

CHARLES AUGUSTUS PERKINS. "Chuck" was born in Calgary some eighteen years ago, but he didn't stay long for he moved to Vancouver and attended school there. After trying Prince George he returns to the place he should never have left. He was selected for the Year Book Committee for both 1930 and 1931. He is also a member of the Beta Club, Beta Sigma Theta. We want to have "Chuck" with us each year, however, as next year he is going to University of Alberta to take up Commerce. His highest ambition, he says, is to have enough money to breed good horses. He is a keen sport too, being especially fond of shooting, golf and polo. We'll all miss "Chuck" when he leaves us.

*"He is a scholar and a sports and good one
Frothing wine, fair sports, and pouncing."*

JOHN D. PETRIE. "Podrie" was a blessed event in 1917 and Calgary was the lucky birthplace. He attends Fairview Elbow Park S.H.S. and is now studying very hard in Western Canada. He states that he is missing a variety because he wants to start out in life with the same hard trap that other men have had. Jack is a member of the Iota Sigma Phi Fraternity, and also of the Year Book 1931. His ambition or plan is to find a new excuse for not using his "Trig" homework. His favorite expression is, "Stop me if you've heard this one."

*"Who dares to laugh out loud and free,
And let his frolic fancy play."*

MARGARET J. PHILLIPS. Peggy was born in Red Deer about seventeen years ago but has received all her education in Calgary. She first disturbed the faculty of King Edward Public School, later attended South, now enjoys the ordinary life of a student in Western Canada. She has amused herself for a while in talking to Marjorie but has proved herself a good student never theless. Her ambition in research work she didn't say in what, but we hope she finds it. Next year she will go to Normal.

Presiding is the queen of life

HELEN MARY PLUNKETT. First saw light in Outlook, Saskatchewan, but soon moved to Hanna. Finding how near she was to Calgary, she came to our fair city, and attended Normal, and South Calgary before coming to Western. Her ambition is said to be a C.A. Best of luck Helen!

"Still waters run deep"

CHARLES J. ARMAND POWELLITT. Refuses to divulge his actual place of birth but hints markedly at several instant places, as if uncertain as which one to lay the blame. We learn that he has attended Shawanigan Lake School and Western Canada College. Armand is well known for his quiet retiring manner and his soft musical voice. He is going to study law but tells us that his true ambition is to be Prime Minister of Canada or Great Britain—any loyalty to the crown forbids me to speak further.

"Place away ambition, for that sin fell the angels."

GWENDOLYN RATHBUN. Gwen had laughed hysterically in Calgary. Since then she has lived in practically every one house town in Southern Alberta. She took grades IX and X in South Calgary. Gwen is noted for her fearlessness in asking questions in Algebra III, and her ability to go to sleep in Geometry periods. Her future plans are not all made yet, but she will likely go to Normal next year.

*"To get these souls, her beautiful souls
Who learn to ask, then learn to be desired."*

ALICE ERICA RICHARDSON—“Al” to her friends—is a true daughter of the West. She was born in Calgary and after brightening gloomy halls of such prisons as Earl Grey and South Calgary we now have her in the graduating class of Western. A modest young artist, and a good student. Alice hopes that next year will find her either surveying the artistic uses of the interior of some University, or practically dabbling with her bold brush. On the Year Book Committee and a member of the Phi Sigma Tau society.

“What that did give those true blue eyes?
What beyond that glacial countenance lies?”

DOUGLAS KENZIE ROBERTSON—“Way back in 1914 Doug was born in Ogden, Saskatchewan. At the age of nine, the summons “Westward Ho”—brought him to Calgary. He is now honouring Western Canada. Douglas likes rugby and rifle shooting, and he has made quite a name for himself in both. He also likes free trips to the Ok. Country, and what’s more he gets them! Next year, he tells us, he will probably take a much needed rest. Then he will take up Chemical Engineering at University. Doug is a member of the Western Canada R-Y Club.

“In him alone, I was content to share.”

HELEN MARY ROWAN—Helen is another fortunate who was born right here in Calgary. We do not know where she receives her public school education, but we do know that she has been at C.C.I. until this year when she showed her good judgment by coming over to Western. Helen has two main ambitions—to see Banff and to become a school-ma’am. We all wish you good luck in your chosen work, Helen.

“In each cheek a pretty dimple.”

JOHN THOMAS SHIRRA—(Time—before the bell any day), “Where’s Shippy?” Playing checkers with Taylor or Bow, settling accounts with Goodison or McLeod, or doing homework. He believes men should be measured from their shoulders up, that would show him to advantage. Oh, yes—it’s Lang, Sink.

“I live on the sunny side of the street.”

IAN HERTFORD SLOAN—This cheerful youth, one of the youngest in Grade XII, claims Drumheller as his birthplace in 1914. After attending public and high school in Craigmyle, he came to Calgary to finish up his Senior Matriculation. Ian has a keen interest in all sports and claims to be a “wow” in baseball. He is too modest to talk about his ability in Grade XII Maths, but we predict a second kindred if he keeps up his present pace in that line. Ian enjoys a good joke and spends much time explaining the more subtle points to Crowe. He is going to launch upon his new career next year.

“Your words bring daylight with them,
When you speak.”

JOHN ARMITAGE STEEL—Better known as Jack or “Tubby” was born at Fletcher Creek some eighteen years ago, but he soon moved to England (reason unknown) and entered school there. He returned to Calgary later and attended South and Western. Here he has been invaluable as a cheer leader—and what a cheer leader. What next? No one knows. He will probably go to Varsity and there show them how to—shall we say “study?”

“This fellow picks up wit or pigeon peas,
And scolds it again as Jove doth please.”

LOUIS EVERARD STEWART—“Go west, young man. In the near future a leading high school, where you may argue, sell your original ideas, and profit by association, is to be built.” So he left Medicine Hat, and Red and Green have added a mechanic to their number. “Ev” intends to make big talk as a lawyer.

“Human nature craves novelty.”

[illegible]

¹¹From the central formal, well known, rule he derived the various formalisms.

■ **Mrs. A. BETT ALBERTA TAYLOR**, American. Many wealthy Irish Americans do not like the black race as these Irish ones. Nevertheless, she was born right here in Chicago. Her mother, sweet woman and generous, 4 children, education, where the father was a man who was a little Irish. Adams served on the Young Irish Committee in 1920 and 1921, was a member of the Mt. Zion, Tenn. Her future is not to be needed there.

I hope as the regions of the South, West, Midwest and elsewhere in the country come

MURPHY JEAN THORPE This gives the man a change. She got her public school education in England and during her youth, the city and country boys were as good as dead. She was at St. Albans and she was at the same time, even to keep out of a marriage whether she is really a boy or a girl. This has a far as a pasture of the sheep in the garden of the man who got the point and her second night time is to drive Murasaki into oblivion.

The Agency studied the ways that national science

ELSIE FREDA WERTH Freda was born in Cogan. She came to us from Mount Ida school. She is still with us. She believes in that old song, "When you get down to the very bottom, there's always a place for you." She is a member of the Mt. Ida school. She got her name in for the school and she will make the most of her opportunities.

Model 1 assumes that the effect of the independent variable on the dependent variable is constant across all levels of the independent variable.

WILLIAM M. LYNCH, U. S. Senator from Massachusetts, says that on the December of 1914, Stanley A. Baker, president of the U. S. Milk Producers' Board, was a guest upon the platform of the American National Association of Milk Producers in the grand opera house at New York. He says that he has no personal acquaintance with Baker, but he thinks that Baker was doing his campaign for the office of United States Senator back in 1912, and that Baker was running for the office of United States Senator.

The sports bar is undergoing what is called "the rise of the sports bar" in which it will be sold.

EDDIE YEE WING—husband was born in Canton, China, eighteen years ago. He left for Canada in 1921, and finally settled in Calgary. He has attended St. John's and U.C.T. where he has made a name for himself as a scholastic athlete. He is also an acceptor in several school sports and is a member of Western Canada High Club. He was on the Vancouver Board of Commerce in 1930 and was elected again this year. His particular business are painting and drawing. He will, however, not fail to take up architecture at Toronto University.

¹¹ Customs, interests, forms of worship, laws—all differ. Yet is man the same, that is constant."

WILLA MARGEE WINNING—This little maid with the musical name came from Cassford, Alberta. Finding the country too quiet for her, she made her way to our great metropolis and wisely entered W.C.C.I. Her big desire right now is to get Chemistry 2, but aside from that she wants to graduate from Alberta University as a chemist.

"Her smile like match or dart
 Into many a maiden heart"

NESTA WOODH MUSE—Born with a waking in one of old South, an seven
 years strain in her brow caused her, as a tiny maiden, to try to enter that
 worthy institution. Her hopes were soon dashed when she found she must
 spend eight years in elementary preparation. Frustrated, after this time she
 entered Grade IX and three years later emerges with a junior matric. Then
 she went to Norman, and taught for a time. This year she has been back to
 get her Senior Matric.

"There is a calm, a pleasing voice,
 A calm of thought upon her face."

"Once I so tall as reach the pole
 Or grow as deep as my own
 I must be measured by my soul
 The world's the world of the man" Waste
 I eat well, drink well, and sleep well,
 but hate all them, that sit at the bar of

The Moose Head

We are always pained to hear of the success of our graduates. Among those who are making good and who formerly attended the South Calgary High School is Howard Singleton who is living at present in Edmonton. We have now a special reason for remembering Howard who has been good enough to present to the Western Canada High School a magnificent mounted Moose head, which now hangs in our main hall. We are indeed happy to acknowledge our indebtedness for this gift.

It is not likely, in any case, that Howard would soon have been forgotten for ten years ago his athletic prowess was the admiration of his schoolmates and the envy of his opponents on the track or campus. Probably nothing in the history of inter-school sports has been a closer approximation to "greased lightning" than Howard Singleton going down the wing of a rugby field, with the pig-skin tucked tightly under his arm.

The Kappa Gamma Club

The Kappa Gamma Club, or Girls' Hi-Y was organized in the fall of 1929 under the leadership of the Girls' Work Secretary of the Y.W.C.A. It was to be composed of two representatives from each High school. At present, with the exception of East Calgary, all the schools, including Mount Royal College, Saint Hilda's School for Girls and the Normas are represented. We hope to have East Calgary with us next year.

In addition there are branch clubs at Crescent Heights and Saint Hilda's under the leadership of one of the teachers. We hope in time, to introduce it to the remainder.

The object of the Club is leadership training through the medium of discussion. The topics are chosen by the girls and are very practical relating to the problems of every day. Consequently the members take a great interest in them and express themselves freely. The following are good examples of the subjects: "Personal Attitudes at Different Angles," "Drawing on the Bank of Tomorrow," "Boy and Girl Relationship," "After High School—What Then?" "Checking up on the Exchange."

The girls have expressed their purpose thus: "We the girls of the Calgary Kappa Gamma Club, in the presence of God and each other, do pledge ourselves to help one another in the keeping of this Covenant—to create, maintain and extend throughout the school and community, high standards of Christian character and to stand together on a platform of ethical speech, clean sports, clean scholarship, clean living."

Members, 1929-31, Helen Bayne, Pat Gibson.

Gamma Phi

Gamma Phi in Calgary started seventeen years ago. At that time there were less than a dozen members, but with the growth of the school there are now about twenty, four members representing all the High schools, the Dauid Hury H. Y. and the Provincial Normal.

Because of connection with the schools the group is further related to sister bodies throughout Canada and other countries. Calgary Gamma Phi is among the foremost in Canada.

Within the group discussion on school and education continues and develops to an interesting degree. The subjects centre around life in the school and community. Discussion takes place on such topics as: "The Law of Time," "Being Attitude toward Homework," "Co-operation," Branching out such subjects as "Inventions and Related Subjects," "War and Peace" and "Trade Monopolies," have been studied.

In order to pass on the results of discussion and exchange thought with other groups of boys two members attend the Alberta Boys' Parks meet at Lakeland.

As well as the regular meetings at which members only are present there has been a meeting with the H. Y.'s and one with Kappa Gamma, the girls' organization for High schools.

This year the Club is again planning its annual retreat to Banff. Here the concluding meetings of the year are held.

Friends who consider their own school the best in Calgary, best because of its staff, its students, and its sportsmanship, will gather and because of the association during the year, find that loyalty to one's school does not foreshadow respect for the other fellow and his school.

For several years our school has been represented in Gamma Phi, some of the boys holding office. The following have represented South Calgary and Western Canada:

1922-23—Les Corrie (Vice-Pres.), Ernest Culley, Terry Elm.

1923-24—Marion Smith, Geo McTeer (Sec'y), Dick Watson.

1925-26—Bob Reynolds (Treas.), Bob Preston, George McTeer, John Bayne.

1926-27—Ken Roberts (Sec'y), Harold Richard (Vice-Pres.), Bob Reynolds.

George Jones.

1927-28—Frank Richard, Bob Reynolds, Ken Roberts (Pres.), George Jones, John Lincoln, Harold Richard.

1928-29—Helen Danals, Harold Richardson, Wilf Matson (Vice.), Bob Reynolds (Leader), John Lincoln (Pres.), Bonnie Low.

1929-30—Bernie Newton, John Collier, Gordon Henkin.

1930-31—Sheela Lurie, Dyr Lincoln, George Jones (Pres.), Bernie Newton, George Dixon.

Taking this glance at the past and looking to the future Gamma Phi may expect its members from Western Canada to take an active part in furthering the objectives of the Club.

Class Lists

CLASS 1—GRADE VII

Room 1

Edna Aasen
Donna Berg
Ella Clarke
Arthur Davidson
Cora E. Ebb
Frances Gibson
Shelvia Inne
Allen Knapp
Beatrice Mackay
Kathleen Miller
Lena Ott
Margaret Phillips
Gwendolyn Rathbun
John Steel
Lee Wing

Helen Bayne
Rheta Campbell
Kathleen Colgrove
George Dixon
Marjorie Florenson
Helen Holm
James K. Lee
Solomon Liptkind
Dorothy McKee
Beate Newton
Henry Patterson
Helen Plunkett
Alder Richardson
Vernon Stott
Max Wistrake

Mr. Harding

John Kirk
Margaret Lawton
Philip Collier
Grace Engstrom
Agnes Gibson
Allister Innes
Harry Kelly
Flora Kress
Clarence Lynn
William McQuarrie
Marion Morris
John Petric
Margaret Price
Douglas Robertson
Freda Werth

CLASS 2—GRADE VII

Room 2

Fred Agnew
Klara Bailey
Harlow Bowen
Stewart Cameron
Lucy Clark
Dorothy Findlay
George Jones
Gordon King
Jean Lees
Mary McCormick

Departmental Units Passed

Midsummer 1930

FIFTH YEAR (Grade XII)

Ten Subjects—Hans Kruse.

Nine Subjects—Albert Beavers, Betty Burrell, May Butler, Mazah Goldberg, Charles Perkins.

Eight Subjects—Louise Adolph, Roberta Battersley, Mae Fleming, Mary Geiser, James Joyce (Honors in XII), Dora McPherson, Elsie Saari, Elsie Topping (Honors), Hilfred Vance, Freda Wirth, Max Wistrife.

Seven Subjects—Israel Abramson, Fiee Agnew, Herbert Bagnall, Helen Bayne, Ross Campbell, William Davidson, Mary Bell, Dorcas Hansen in XII, Frances Gibson, Helen Goulday, Doris Kinney, Margaret Snowden, Helen Stenback, Vernon Stett.

Six Subjects—Alma Brown, John Coffey (Honors in XII), Philip Coffey, Daisy Coluhgum, Helen Fox (Honors in XII), Mary Gibson, Marjorie McNab, Kathleen Smith.

Five Subjects—Dora Adams, George Dixon, Mary Durfey, Malcolm Harving, Margaret Hart, Jean Lee, Thomas Glyn, Helen Plankett, Alice Richardson, Betty Stevenson, Phyllis Tarr, Gibson Weir.

Four Subjects—Margaret Irwin, Marie McKinnon, Fencie Williams (to complete XII).

THIRD YEAR (Grade XI)

Nine Subjects—Charles Alexander, Margaret Barclay, Spencer Lee, Paula Mayhood, Yee Wing (Honors).

Eight Subjects—Dorothy Baxter, Leonard Bottom, Paul Clarke (Honors), Hilda Clark, Betty Collier, Grace Egan, Isabel Fleming, Agnes Gibson, Gordon Haskin, John Hogg, Eugene Lynn, John Petrie, Margaret Phillips, Beth Roberts.

Seven Subjects—Marion Ackerson, Einar Atkinson, Ruth Bennett, Margaret Croston, Kathleen Cogburn, Iva Dinger, Beatrice Fackhaug, Thomas English, Marjorie Florence, Anne Gundersen, Helen King, Maude Lee, Doris McKee, Walter McRoberts, Dorothy Mayne, Patricia Mayhew, Dorothy Meurer, Kathleen Miller, Clarence Nelson, Douglas Nene, Marion Norris, Douglas Osterlund, Ronald Marston Nelson, Aude Thompson.

Six Subjects—Eileen Bale, Gordon Bell, Arthur Jackson, Ronald Chamberlain, Dorothy Doreth, Eugene Doreth, Dorothy Griffith, Margaret Hansen, Edna Kinn, Mary Lou Jones, James Keith, Helen Allen, Margaret Nelson, Eugene Nelson, Mackay Catherine, Marshall Beatrice Muir, Henry Patterson, Cecelia Kathleen, Bernice Sparks, Ruth Spurgeon, Everett Stewart, Alma Thomsen, Shelia Taylor, William Wickens.

Five Subjects—Nora Bagg, Anne Branson, Elizabeth Brown, Mona Combs, George Crowe, Miriam Gilling, Anne Hurlberty, Floella Allan, Henrietta, Helen Lee, Hazel Long, Muriel McBean, Dorothy MacMillan, Marjorie McMillan, Blanche McMurchy, Sara Menden, Dorothy Nelson, Marion Oland, Alberta Owen, Lee Hoffman, Stewart Piper, Doris Seaton, Mary Seely, John Shirra, Douglas Taylor.

Four Subjects—Calfon Blaw, Patrick Raynes, Morris Cameron, Margaret Durup, Donald Edmonson, Robert Fisher, Herbert Gasser, Elsie Hale, Philip Hatchman, Vincent Jacques, Douglas Jackson, Kathleen Karstad, Olive Kirkpatrick, Minnie MacLean, Dorothy Marney, John Peugh, Elaine Richards, Marguerite Russell, Gwen Snowden, Bruce Speer, Alberta Taylor, Dorothy Thorpe.

King, Lewis Long, Mark Ishutsky, V. Lynn McMahon, Henry Marshall, Donald Menzer, Joe Martner, Joseph Nelson, Alexander Petersen, John Robertsen, Kenneth Robertsen, Margaret Saintmark, Lee A. St. Pierre, Susan Robert Tucker, Margaret Wald, John Waldman, and Mike Waldman, Yale.

Cadets—1930-31

CAPT. A. H. FERGINSON

There are over 200 Western Cadets here taking Cadet and Physical Training. These are organized into four Platoon. Jack Moore, Bob Fogles, Bob Taylor and Jack Sims being the Platoon leaders. Among the rank and file Lieutenants with Douglas, Dingleton, as Company Commanders. There are also several capable Sergeant Leaders who will certainly in a year or so make a creditable showing at Inspection of Cadets to be held on May 27th.

A large number of boys taking part in shooting practice during the winter. Some of the better shooters found that hitting the bulls eye is not so easy as it looks.

W. and Dingleton were very good as he has from his left shoulder instead of his right as he should do and was very well but shot well enough to win the Senior Best Shot Badge. Douglas Marshall and George Sims among the Juniors. Jack Peterson, Douglas R. Brown among the Seniors. Also shot well.

PRIZES WON IN THE DOMINION MARKSMEN'S CLUB, 1930-31

Gold Prize—A. Scott, D. Francis, P. Nieland, C. Brackenbury, D. Davidson, S. Lee, I. Gagg, Jack Campbell.

Silver Prize—G. Lee, J. Campbell, R. Ross, D. Ross, A. Douglas, I. Hume, G. Simons, G. Ross, F. Macfarlane, W. Jones, R. Taylor, M. Greenbaum, D. Brown, G. Davidson, R. Ross, A. Davis, H. H. Hamilton, A. Laves, A. Lee, M. Scott, J. Moore, H. Patterson, D. Laves, W. Russell, J. Scott, W. Lee, W. Yale, W. Stewart.

Bronze Prize—S. Lee, R. Ross, J. Ross, G. Davidson, D. Brown, A. Douglas, D. Ross, W. Lee, M. Greenbaum, H. Hume, G. A. Laves, D. Ross, I. Jones, A. Lee, G. Macfarlane, H. McNeill, H. Macdon, H. Paton, R. Perry, W. Jones, G. Ross, W. Stewart, A. Scott, K. Stanger, W. Todd, W. Lee, W. Yale, K. L. Davidson, D. Walker, G. McKenzie, J. Corbett, D. Shipley, G. Lee, G. Marshall, K. McManis, T. Gregg, H. Kennedy, A. Mahur, K. Clarke, M. McKillop, J. Kenna.

CANADIAN RIFLE LEAGUE—January, February and March, 1931

The following were winners in the above competition:

Senior Scores (Aggregated): R. Dingle 290, J. Petrie 285, G. Loney 281, Stagg 278, D. Davidson 275, D. Davidson 275, J. Jacques 282, H. Patterson 281, A. Nelson 277, A. Laves 277, D. Laves 275, A. Hume 275, A. Watt 275, Jack Campbell 275, G. Lee 275, D. Ross 275, H. Brown 275, A. Davidson 274, Jim Campbell 273, I. Gagg 273, J. Watt 272, J. Hutton 273, D. Scott 271, W. Todd 270, J. Robb 270.

Junior Scores—G. Macfarlane 270, G. Ross 281, K. Robertson 281, J. Scott 275, W. Lee 275, D. Laves 275, G. Simons 275, D. Brown 274, M. Greenbaum 273, G. Ross 272, D. Macfarlane 272, R. Taylor 270, W. Russell 268, H. Swann 275, H. Patterson 275, A. Watt 275, A. Lee 268, H. Macdon 268, J. Jones 267, R. Brown 268, D. Ross 275, W. Lee 268, D. Shipley 275.

R. Dingle won Senior Best Shot Badge.

D. Marshall won Junior Best Shot Badge and Special Prize.

SCORES MADE IN THE ALBERTA "A" CLASS COMPETITIONS

During January, February and March, 1931

Seniors—R. Dingle 291 (possible 300), D. Robertson 288, A. Davidson 285, J. Petrie 285, G. Loney 281, I. Stagg 279.

Team Scores—January 458, February 458, March 487.

Total—1403, Average—93%.

Juniors—G. Ross 289, D. Marshall 285, D. Brown 281, R. Taylor 280, J. Scott 271, W. Russell 273, G. Simons 270.

Team Scores—January 458, February 470, March 478.

Total 1406, Average 94.5%.

The Girls' Initiation

This year the girls' initiation, the first of its kind to be held in the new school, was a great success, due chiefly to the efficient committee in charge and the large number of freshettes which participated making the evening an interesting day.

It was supposed that the Grade IX girls and all girls coming from other high schools be ushered into our high school life. Perhaps the most interesting part of the affair to the poor freshette was the ridiculous manner in which she had to dress. Each afternoon graduates dressed themselves in scarecrows in ridiculous costumes appeared at school. With dresses and shoes and back to front and shoes on stockings on noses, hair in rings, such girls called a day.

At 4.30 the visitors were taken on a short walk through the school, made to the delight of the young gentlemen who over the hall. To make matters worse, during the first period, they were passed through the classrooms.

After four the freshettes were taken down to the gymnasium where they knew lots to see to which "freshets" each would belong for the group games. Each school was given five minutes to compose a school yell which they took through out the games to cheer their side to victory. One especially thrilling game to watch was the single race for freshettes only. Down on hands and knees they strove to push with their noses, elastic sugar humps across the gym floor.

During all this the hard-worked refreshment committee was preparing a very enjoyable banquet in the study room. The numerous freshettes and seniors prove that they appreciate the efforts of the committee and teachers.

After supper on the first night Mrs. English, one of the senior night Miss Sage, proposed to the girls that they form a Girls' Association and act in executive to arrange similar affairs in the school next year. Mrs. Robertson then welcomed the freshettes to our school and, while the girls sang "The School girls of Western" two girls representing the spirit of Western Canada joined the "yes and good" of the freshettes, thus signifying they were no longer "new" but one of us. On the second night Miss Maxwell welcomed the new girls. A jolly song song followed and we believe we can truly say "A good time was had by all."

We wish to extend thanks to the very capable and efficient committees and also to our teachers, who co-operate so splendidly towards making the initiation a success.

Capt. Ferguson— "See that man go, the bridge 3 miles over there?"

Russ— "Yes, sir."

Capt.— "Let him have a couple of 300's in the eye."

Russ— "Which eye, sir?"

According to Mr. Collier the only way to make a high school student understand anything is as follows:

1. Tell him what you are going to say
2. Say it
3. Summarize what you said.
4. Write him a letter

Phi Sigma Tau

P. E. T.

PHYLLIS DOBSON

The Phi Sigma Tau, as yet, the only girls' club at the school. When this club was formed, the aim was to do something for the school. Thus they have certain jobs in more ways than one.

The first definite work attempted was the girls' contest held last fall. The members of the club willingly gave their time, and made this function a great success. Then, when the Rugby Banquet was held last November in the Alhambra Theatre of T. Kalamazoo, all the very attractive decorating was done by the girls. Later in the year they helped the Iota Sigma Chi in their campaign for the sale of Western Canada Christmas Cards. Since that time they have been raising money by selling the new school rings and pins or commissions. Besides this, they recently held a most successful St. Patrick's Tea. With the proceeds from the last two ventures, they are having the pictures of last year's Senior and Intermediate Girls' Basketball Championship Teams framed and hung in the halls. Plans for other activities have not been completed, but we hope that their future undertakings will be as successful as those that are past.

In addition, the girls have done much in promoting school spirit—a thing that is vitally important for what school can get along without it.

The members of the club—all senior grade girls—are Alice Richardson, Grace Eggleston, Margaret Lawster, Dorothy Baxter, Alma Tavencor, Betty Taylor, Pat Mayhew, Bonnie Carang, Marjorie Campbell, Dorothy Griffith, Margaret Dunlop and Phyllis Dobson.

It is sincerely hoped that this good work will be continued next year.

* * *

Mr. Collier—"Have I ever told this joke before?"

Chorus—"Yes!"

Mr. C.—"Then perhaps you'll understand it this time."

* * *

Virginia—"Meet me at the corner tonight at 7 o'clock."

Harriet—"Oh. What time will you be there?"

* * *

"Where are you going, daughter?"

His—"To get water."

Mother—"What—in your nightgown?"

His—"No. In this glass."

* * *

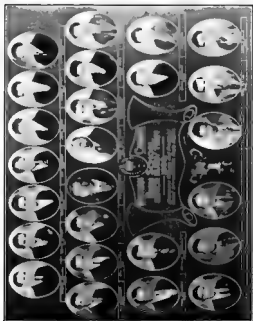

Mr. Plink—"According to the definition of work, a Flyings 2 if a man holds a hundred pound sack, even all day, he still isn't doing work."

Stewart—"Oh yes, then, there isn't any such thing as work."

* * *

Salesman—"Yes sir, and what is your pleasure?"

Host—"Drinking and necking, but just now I want to buy a shirt."

Boys' Athletic Association

Early in the fall when an Athletic Meeting was held to elect officers for the coming year Jack Moore was elected President, Al Lewis Secretary, and Mr. Foster took a position as Honorary President. A committee was appointed to select some representatives to collect the usual fee of twenty five cents. At all times a cheer was given and when the Victoria High School came down from Edmonton to play our boys for the Provincial Championship, all expenses were successfully met.

The Athletic Association aided by a class here at the school, sponsored a Rugby Banquet which was a great success. They also presented the Senior Team with crests and banners, and one of the three Championship Rugby Teams which were lately placed in the hall.

Late in December a meeting was held to organize the Hockey. Mr. Foster consented to act as Senior and Intermediate Coach, and Mr. Copeland, the Junior Coach.

At the time of going to press the boys were commencing to train for the High School Athletic Meet to be held May 22nd. Ken Roberts assisted by Jack Moore organized a class in the mornings from 5 to 8 o'clock which has proven very satisfactory.

Interscholastic Rugby

VERNON STOTT

This year Western Canada completed the most triumphant march to victory ever performed by any school in the history of the Interscholastic Rugby League. At three rounds Senior, Intermediate and Junior, among them won thirteen games, lost none and beat their opponents to thirty-eight points while gaining one hundred and twenty-five points themselves. To crown these victories, the Senior team played home with Victoria High School of Edmonton by a 20-5 score, thus capturing the coveted Ross Cup, emblematic of the Provincial Interscholastic Championship.

Taking advantage of having three excellent coaches, namely, W. H. (Bill) Dingle, Herb Hutton and Ken Roberts, the teams turned out enthusiastically every day for practice and by the first game, were shaped into three snappy aggregations. The student body, as a whole, was an important factor in encouraging the teams. At every game Western Canada rosters, bubbling over with school spirit were very much in the front with school yells, cheers and lusty songs.

JUNIORS

What a snappy life's treat, full of "war" vigor and vitality! Making a last-minute bid, Western Canada's Juniors "came through" in the punch and supple the third in scholastic rugby title for the school when they defeated Technical High School 7-4. It was a wonderful game Western coming through in the dying stages of the game with a brilliant scoring punch and thus maintaining the school's unbeaten record. The winning points were scored by Semsmith, magnet wing man of the Western team.

Colver, at quarterback, perhaps the most experienced player on the team, was the equal successful in himself being a fast runner and punter. Lowe was the leading for the team and Russell and Roub, the punting. Spaulding the other half also fitted in well. Thompson and Reid turned out to give unflinching protection to the backs.

Western Canada—22	East Calgary—10
Western Canada—10	St. Mary's—7
Western Canada—21	Crescent Heights—4
Western Canada—14	Central—6

Juniors: Russell, Poth, Spaulding, Law, Lohr, Sherman, Brown, Macklin, Smith, Irving, Kennedy, Semsmith, Dingle, Mahood, Hudson, Green.

The Rugby Banquet

MARGARET C. CAWSTON

A befitting and indeed, memorable climax to our successful rugby season was the "Big Rugby Banquet" held towards the end of November in the Alhambra room of T. Eaton's.

Western Canada pennants adored the walls while red and green streamers, effectively arranged, lightened the room. On the head table, which extended the length of the room on the south side, and at which certain members of the staff and the main speakers of the evening, with some members of the rugby teams were seated, were placed artistic harmonious place-cards.

The programme after the Banquet included, toasts to "The King," "The School," "The Staff," "The Rugby Team," "Our Competitors," and "The Press," which were proposed by the Chairman Mr. W. (Squibb) Ross, Chuck Perkins, Phyllis Dobson, Captain Ferguson, Al Irvine, and Mr. Pulleyblank, and were responded to by Mr. Stanley, Mr. Pick, Jack Moore, George Weems of C.G.I., and Mr. J. B. I.

Seven presentations were made during the evening and Dr. Scott while speaking of our successful rugby teams, stated that Western Canada High School had attained a record in Western scholastic rugby with her three championship teams. He then presented Jack Moore, Captain of the Senior team with the Provincial Cup, Senior, Intermediate and Junior Rugby Shields were presented by M. D. F. Black, Mr. Cockburn, and Mr. Foley, to A. Irvine, Jack Snell, and Phil Collier. Presentations were also made to the hard working and deserving coaches: Mr. Dingle, Ken Roberts and Herb Hutter.

The gay evening with its laughter, its song and its merriment betokening our deep pride in our "Rugby boys," was over all too soon. Long after our school days are over many of us will recall the "True School Spirit" which made our Banquet so successful.

* * *

Father of C.C.I. Steele— I hear my son made a 58 yard run in the big game with W.C.H.S. yesterday."

Roberts: "That's true. But do he tell you that he can't catch the man ahead of him?"

THE 1938 TEAM

Top Row - Leroy Abramson, Gordon Mack, Clarence Nichols, Carl Nobile, Russ Campbell, Eddie Morgan, Arthur Jones.
 Second Row - Herb Fischer, Phil Walker, Bob McMillan, Barker Brown, Lloyd Hight, Theodore Green, George MacFarland.
 In Front - Coach Greenwald.

The Track Meet (1920)

PHIL COLLIER

Trotting off the field winners of three of the 1919 track meets and the very large crowd on hand at the meet in 1920, the new Western track and field team set a good example for other track teams in years to come.

The meet was a very successful one and the largest crowd in the history of the sport was on hand. Despite the occasional criticism of the spectators, the crowd was very good and very much interested. This was largely due to the able coaching of the track team and to a large number of teachers from the various high schools.

There was a great deal of enthusiasm and interest in the meet, and the crowd was very large. The track team was very good and very much interested in the meet, and the crowd was very large. The track team was very good and very much interested in the meet, and the crowd was very large.

Miss Davis (during test) "I hope I didn't see you - soon as your book, Barnes."
Barnes—"I hope you didn't either."

* * *

Clothing Store Owner—"I'll take burglary insurance. I'll take accident insurance. I'll take fire insurance. But floor insurance I won't take."

Insurance Salesman—"Why not?"

C. S. O.—"Whoever told of somebody starting a floor."

* * *

Doctor Jones—"Where do you feel bad now?"

Cook—"In school."

* * *

Boy—"Yes, I'm a big gun in school now."

Father—"Well, that is like to hear some better reports from you, son."

* * *

Libson—"No, I don't want my hair kipped off just the merest trifle."

Barber—"I understand, sir, just a none with the scissors."

* * *

Marg B.—"You're a nice guy, but most guys are fresh. Why last night I saw a fellow trying to flirt with me all through the show."

Jimma—"Where'd he sit?"

Marg—"Right behind me!"

SENIOR BASKETBALL I TEAM CHAMPIONS, 1935

Jean Lees, Jessie Lees, Shirley Neelann, Beatrice McKay, Nora Williams, Bessie Canning, Edna Newcombe, Claudia Lynn.

Girls' Senior Basketball

VERNON STOTT

Western Canada has cause to be proud of its girl athletes, considering the cramped quarters that they are compelled to practice in. Western Canada is the only High School in the city which is so handicapped in this respect. However, in spite of this, the Senior basketball swept aside all opposition, winning four out of five games and thus capturing the championship. This is the third year in succession that the Seniors have won this distinction, but unfortunately the Senior Trophy is a challenge cup which means that several pieces of silverware would have adorned Western Canada permanently.

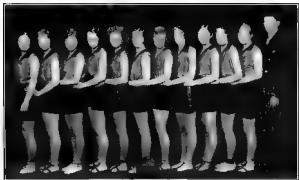

All the games were played at the Vernon High school. The first game in the schedule was between Western Canada and Crescent Heights, Western emerging the victor by a heroic battle by a score of 11-6. The next game was not quite so promising our girls losing to the very well paid and experienced team, the Spokane boys, 17-1. It did not dampen the team's spirit, however, and they averaged their losses in the next game by defeating the Crescent 17-12. The team was able to win and set up for themselves in the schedule and our girls defeated them 15-10. Central defeated Comber all at this season's necessary for a final game between Western and Central. It was a hard fought game but Western came out on top at the end of a 2-12 score thus giving Western Canada the championship.

Much of the team's success is due to the capable handling of Mr. Johnson who coached the team so successfully.

Line-up—Forwards—Jessie Lees, Beatrice McKay, Shirley Neelann.

Centres—Claudia Lynn, Edna Newcombe.

Guards—Bessie Canning, Jean Lees (Capt.), Nora Williams.

INTERMEDIATE BASKETBALL TEAM

Elizabeth Celler, Marion Salmons, Madeline Austin, Mildred Nabis, Ruth Holbert, Phyllis Dobson, Marion Albrecht, Evelyn Campbell, Rae Porteous, Jean Findlay, A. Isaac (Coach)

INTERMEDIATES

JEAN LEE'S

Our intermediate team put up a good fight and played excellent games, and though they lost the championship, our girls deserve a great deal of credit.

Marion Albrecht, Jean Findlay and Betty Cullen make a dependable forward line, while Rae Porteous and Marion Salmons were formed an invincible defence.

The faithful practicing and good sportsmanship of the girls, promise well for next year's success.

The team was coached by Ken Roberts and Al Isaac.

Line-up—Forwards—Jean Findlay, Betty Cullen, Ruth Holbert, Phyllis Dobson.

Centres—Marion Albrecht, Evelyn Campbell.

Guards—Rae Porteous (Capt.), Marion Salmons, Len Youngblood, Mildred Nabis, Madeline Austin.

They neither when I can I could crack a joke—but they stopped when I cracked it.

To cut down on the sties. Wear socks that can be put on from either end and save time.

Ruth M.—Thinks a track suit is a legal battle between two railroads.

An optimist is a fellow who puts 2c on a letter and marks it "Rush."

JUNIOR BASKETBALL TEAM

Helen Hahnloser, Gertrude McAnay, Helen Webb, Isolina Rogers, Jessie Skene, Mariel George, Mafty Kerstake, Katherine White, Maxine Fox

JUNIORS

CLAUDIA LYNN

Although the Junior team of 1931 had some very good material it had back during the first half of the season. It was unfortunate in not securing the help of Mafty Kerstake, a star forward, until late. However, under the able coaching of Jessie Skene, the team was victorious in the last three games they played.

Maxine Fox captain and forward set all runs of the basket, being well supported by her. White center Isolina Rogers and Helen Webb with help from the others prevented opponents netting many baskets.

The rest of the team showed good future players, but suffered from lack of experience. However, their aim was essential.

The team's reserves went over it for the week even though it failed to bring the trophy back to Western.

Line up—Forwards—Maxine Fox, (Capt.) Gertrude McAnay, Mafty Kerstake, Helen Hahnloser.

Centre—Kay White.

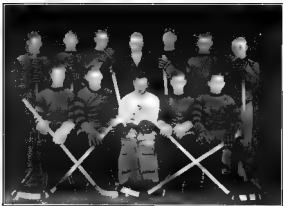

Goals—Helen Webb, Isolina Rogers, Jessie Skene, Mariel George.

* * *

Mary says—"My sister is very smart. Teacher asked her how much 2 x 20 was and she said 40 and got first prize cause she came easier than anyone else in the class."

* * *

A College Grad is a person who had a chance to get an education.

SENIOR HOCKEY TEAM

Top Row—Mel Snowden, Arden Goodson, Don McLane, Mr. Fetter (Star), Bill McLane, Wallace Stewart, Herbert Pearson.

Second Row—Dave Davidson, Jack Moore, Albert Lavin, Fred Agnew (Capt.), Harry Blow.

Hockey

JACK MOORE

In all three divisions, Junior, Intermediate and Senior Hockey, great enthusiasm prevails. Everyone had hopes that we might do as well in hockey as we have done in rugby, but owing to a wide winter only a few games were played in the Junior and Intermediate divisions. However, the Seniors, by taking advantage of the excellent ice managed to enter the finals in which they were defeated by East Calgary for the Senior Trophy.

SENIORS

The Seniors started to get together well before Christmas, and during Christmas week enjoyed a trip to Canmore where they lost a closely contested game, 2-3.

The first game of the league was with Technicon which we won 4-0. The following week Grosvenor were defeated 2-1. The next game was with Central and after a hard battle our boys came out on the long end of a 3-2 score. St. Mary's not being able to get a team together defeated East Calgary 2-0. West and Canada were now left for the last game in the schedule. This game was important because it decided as to whether we would obtain the championship or not. When a spell of cold weather favored us this game was called and East Calgary won the game and the championship by a score of 2-1.

Players: Goal—Albert Lavin, defence—Jack Moore, Herbert Pearson, centre—Fred Agnew (Capt.), forwards—Mel Snowden, Harry Blow, Subs.—Donald McLane, Bill McLane, Arden Goodson, Jack Snell, Dave Davidson.

INTERMEDIATE HOCKEY TEAM

Top Row—Jack Harvey, Frank Johnson, Kenneth Lebbert, Ray Stuard, Angus Osborne, Frank Brown.

Second Row—Allister Low, Bruce Wilson, Sam Sloan, Dennis Barr, Edgar Nelson.

INTERMEDIATES

The Intermediates started the season with Technical and the result was a tie 0—0. The next game with East Calgary resulted in a defeat by a score of 6—2. The third game was against St. Mary's and resulted in another tie, 2—2. No more games were played on account of mild weather.

Players—Goal—Len Sloan, defence—K. Lebbert, F. Johnson, centre—B. Wilson, forward—K. Nelson, J. Harvey, Subs.—A. Lowe, F. Brown, H. Stuard, D. Barr, A. Osborne.

* * *

They even roar from grandstand: "We want a touchdown!"

Small Voice—"I want a sack of pennies!"

* * *

Waitress (sarcastical): "Are these your three coppers you forgot, on the table?"

McRoberts (feverishly)—"Ay, ay, I ken the dates—1896, 1901, and 1922."

* * *

But— "I think I'll start with some Black Throat soup, then I'll have some terrapin a la Maryland, some breast of mutton with artichokes a little bit of salad marrows, glasses are coffee. What are you going to have?"

Verri—"Oh, I feel like a little fish."

* * *

How many students are there in your school?

T. E. A. S.—"Oh, about one in every ten."

NORTH HOCKEY TEAM

Top Row—D. McWalter, Ben Hansen, Fred Garbutt, Mr. Hopland (Coach), Jack Marshall, Graham McLean, Walter Johns.

Second Row—Jack Jones, Fred Clapper (C), Don Irvine, Edgar Stewart, & Wm. McLean.

JUNIORS

The Juniors had a fine turnout at all practices but they met defeat at the hands of Technicians by a 4-2 score in their first game. In the second game they rushed to the East Calgary 2-2. Their last game was with Central and another 1-1 tie result. No more games were played on account of mild weather.

Players—Goalies for—Irving, defense—D. Clapperton, F. Garbutt, center—J. Jones, forward—B. Hansen, G. Brown, Smith, Backs—J. Dewar, G. McLean, J. Marshall, E. Stewart, W. Johns.

At the Calgary Skating Club Carnival held at the Arena, our Relay Team composed of Stewart Cameron, Mel Snowman, Harry Blow and Jack Moore, won the High School Relay Race. Each member of the winning team receives a set of cuff-buttons.

A pretty young kindergarten mistress was telling her class all about the wind its power, different effects, etc. "And children," she went on enthusiastically, "as I came to school this morning, something softly kissed my cheek. Guess what it was?" "The conductor," they cried promptly.

Dad—"I never smother when I was your age. When you are my age will you be able to tell your son that?"

One of us—"Not with as straight a face as you do, Dad."

The Archives

In the last two Year Books under the above heading appeared the names of students from 1 to 1000 who registered in the Wenatchee High School or later at Wenatchee College. This set brought the records up to the year 1923-24, part of which appeared last year. In the following list are the registrations numbered 1001 to 1400, bringing the records up to the year 1926-27.

Ray—"How did you get all banged up?"

Betty—"Skating."

Ray—"What happened?"

Betty—"Couldn't decide which side of a tree to go around."

* * *

Photographer—"Here are the photos your son ordered."

Mr. Craig—"Ah yes, say they're very like him. Has he paid for them yet?"

Photographer—"Not yet."

Mr. Craig—"Hm! Still more like him."

In Memoriam

DIED

Of infantile paralysis while on summer holidays
at Banff

13th AUGUST, 1930

Barbara Hortense Mitchell

Had been in regular attendance in Class 8 (Grade XI) up to the last of June, and her sudden death came as a shock to her many school friends who cherish the kindest memories of her delightful personality.

The Western Canada Hi-Y Club

The Western Canada Hi-Y Club, under the mentorship of Mr. Johnson, is closely affiliated with the Hi-Y and Gamma Phi movements throughout the world. The members of the Club are—Shields Imrie, Berne Newton, George Dixon, Don Lincoln, Doug Robertson, Phil Collier, Yee Wing, Paul Macdon, George Jones, Ralph Louder, Don MacLaws, Dave Davidson, Jack Moore, Alf Campbell, Merlan McElroy.

The officers for the year are—George Dixon, President, George Jones, Vice-President, Shields Imrie, Secretary, Jack Moore, Treasurer.

The aim of the Hi-Y Club is to aid the various school activities and thus bring about a closer school union.

Iota Sigma Chi Fraternity

This Club was started last fall by boys from Western, and it is intended to continue it in future years as a fraternity composed of boys either from South Calgary or Western Canada.

The sale of School Christmas Carus was sponsored by the Club, the proceeds of which went to the Year Book fund.

Members of the Club assisted at the School Rugby Banquet put on by the Athletic Association, which was held last fall.

It is the hope of the present members that more school activities will be sponsored next year by the fraternity.

The Girls' Association

GRACE EGGLESTON

Last fall there was organized in Western Canada a Girls' Association, the purpose of which is to promote friendliness among the girls of our school, and to take charge of such functions as the initiation. Elections were held and the following officers were elected:

President	Helma Bayne
First Vice-President	Grace Eggleston
Second Vice-President	Carrie Speer
Third Vice-President	Margorie Baguel
Fourth Vice-President	Audrey Brown
Secretary	Betty Taylor
Treasurer	Jessie Skene
Athletic Ass'n Representative	Jean Lees

The Association acts through its branch, the Girls' Athletic Association. All the girls playing basketball belong to it, and at present they are endeavoring to supply the team with new uniforms. The officers are:

President	Jean Lees
Secretary-Treasurer	Beatrice MacKay

It is hoped that in the years to come the Girls' Association will go far in carrying out its purpose.

Mussolini's Military Policy

Mussolini, the modern Caesar of Italy, through his policy of making Italy one of the strongest military nations in Europe, has caused a great deal of suspicion among the neighboring powers as to his ultimate intentions.

His warlike speeches at home, as those he has given out to the neighboring States have been either misunderstood. The representative men of foreign countries who have interested him tell us that he is working for peace, and for peace a war. In his dramatic speeches at Leghorn on May 2nd about nine months ago he declared to the Italian people that if any country were to attempt to take away the independence of Italy, there would be war. He also states that Italy "desires to the work, then peace and friendship, as her latter enemy," and that she "has the right to possess a thing without the force to capture it was useless." Which of these two statements are we to believe?

In reality there is no significance at all in these warlike speeches which are only meant for home consumption. They are simply a means of stirring up the naturally big hearted Italian people to their sense of national duty and patriotism whenever they show signs of becoming lazy.

We may object however that Mussolini, not only talks of war, but he also trains the Italian population in terms of war. This seems to contradict his peace policy. The whole of Italy has been pervaded with a military spirit. By a recent regulation on the new members of Italy's youth groups the two parts are males or youths — but at times the whole male population of Italy will belong to the Fascist movement. Non members of the Fascist party are at a given constant age and they are being made more and more uncomfortable. Children over eight are being placed under military supervision. In a few years Italy will be one ten per cent of her entire population. Certainly the Italian people themselves expect something from this display of military energy.

Again, Italy is willing to have mass parties with France, not so much because of a desire for disarmament, but because with the ravages of France and Italy equal Italy will be more powerful by virtue of her stronger military force and her excellent armaments.

Mussolini in diplomatic circles is working to secure friendship with Hungary, Bulgaria, Romania, Greece and Albania. By the Commercial Treaty Italy has become friendly with her former enemies in Austria. By doing these things Mussolini is working against the Jugoslav and combination on his east. The question is: Has Mussolini an antagonistic purpose in these preparations, or has he other reasons for his military policy?

We can easily find an explanation for each of these warlike tactics.

Firstly, there exists no better form of imbuing the Italian nation with discipline than military training. Mussolini must have absolute discipline and cooperation from his people to enable him to continue his economic progress in Italy. Then again, Italy must have faith in her power and see herself second to none.

or else has failed to blossom and her progress will die away. The last and perhaps the most important reason is her diplomatic relations with the Russians.

A glance at the map will show us that Italy is bordered on its foreign frontiers. Lowest Britain guards the outlet to the Mediterranean, on the west is the largest and powerful country of France and Japan-Russia exerts French influence gradually on the east.

[illegible][illegible]

The first step in the process of creating a new product is to identify a market need. This is often done through market research, which involves gathering information about potential customers and their preferences. Once a market need has been identified, the next step is to develop a concept for the product. This involves brainstorming ideas and creating a rough sketch of the product. The third step is to create a prototype, which is a small-scale model of the product that can be used to test the concept. This is often done using 3D printing or other manufacturing techniques. The fourth step is to conduct a feasibility study, which involves assessing the technical and financial viability of the product. This is often done by creating a business plan and conducting a cost-benefit analysis. The final step is to launch the product, which involves marketing and distribution. This is often done through a combination of online and offline channels, such as social media, email marketing, and retail stores.

I have been thinking about you a lot lately, and wondering how you are getting on. I hope you are well and happy. I have been busy with work, but I always find time to think of my friends. Please write back when you have a chance. I would love to hear from you.

THE HISTORY

100

Triple Somersault

By LEONARD BUCKLSON

A STORY OF THE CIRCUS

The circus band Marched forth its raucous music and children screamed with joy. Dust laden air and the dusty odor of the tent was in everyone's nostrils. Dim electric lights swung aloft and mad grotesque skeletons, while outside the whistling of a summer wind heralded war with the roar of wild animals.

A day, its bedtime prayers. From the east a strong wind had sprung up and intermittently came flashes of lightning and the deep rumble of thunder. It was easily seen that a storm would soon strike the Great Young Circus.

The hour passed. Movement and noise within the circus tent had reached its peak. About the show-up country people, among them famous artists who received the hearty applause of the spectators but on everyone's lips was: "Katie, the super marvel of the circus top."

In his dressing room Jim Hanley known to the world as "Katie" was uneasy. While dressing he had slipped his wrist and several people are superstitious.

Just then he started up. The Mary Logan he knew entered and asked lightly, "Well, how's everything?"

"Oh, all right," he muttered.

"You look queer, he of Mary returned. "What's the matter?"

Jim hesitated and then answered slowly. "I'm sick of all this."

"Sick of all what?" she queried. "You don't mean the circus do you?"

"Yes I do," he said solemnly. "I'm tired of all this. Every afternoon and evening climbing up a rope and swinging before a mob of gaping people. How long do you think I can keep it up?" Not more than ten years at the most. Then what?"

Mary was incredulous. "Are you going to quit?"

"Sure, tonight's my last night."

Mary was just leaving the tent of Katie when he called her back.

"Listen," he said. "What is the word is the matter with old Bill Hanley? He's been acting strangely today."

Why, don't you know his only daughter he yesterday and he loves it pretty badly. But he is much better than he is now. Since he's been looking after the lights in this circus nothing has happened and never will.

That is he of old Bill struck. Lightning flashes from between the leaden clouds, the rain crashes down and a game team is shot.

Behind the circus's electric light swinging across old Bill Hanley the utility man a change of the light. Hundreds of them had he seen the storm but now this one is back into his heart. In the ghostly gleam of the clouds he saw his daughter beckoning to him—and his head whirled.

The ground cracked and the earth seemed to turn below his eyes. Suddenly something gripped in his brain like. He was meant. From deep down in his heart a voice began to take form. You the circus was responsible for his daughter's death. He would pay them back.

Inside his dressing room Katie came back and forth and thought of the various new patterns upon which after he should leave the circus. A happy idea entered his mind and he felt like a boy once more. His last day at the circus.

As in a dream he heard his own song and knew that his turn came next. When he appeared a tremendous shout rent the air. He began to climb the rope ladder.

Harmon and harmon beat the rain upon the circus tent and greater and greater grew old Bill's resolve to pay the circus back. Seizing a huge wrench he began to back away at the steel poles that supported the electric wires.

"Clang clang." The wrench had taken off a part of the metal case. With blazing eyes and Bill saw the slender wire.

And from inside came the stentorian voice of the circus announcer, "We now present our greatest feature - Redento in his Triple Somersault."

Above the gaping mob swung a little figure clad in white. Back and forth, back and forth the human form was catapulted across the big top. Faster and faster. Then an athletic body shot out in space, completed one aerial somersault and began its second one.

Suddenly every light in the circus went out.

A dull thud was heard.

And when the lights went on again, the blaring circus orchestra played softly, "There Ain't No More to Do Than Die."

Aloft still swung the empty trapeze.

The Indian Round Table Conference

WALLACE JOYCE

On November 12, 1930 King George V, Emperor of India, opened a conference at London to unravel what are perhaps the most difficult and complex problems that man has ever attempted to solve.

The presence of the two women at the Conference is of great significance, for although only two per cent of the women in India are literate, they are rapidly drawing away from their former seclusion. It is interesting to note that universal male and female franchise was recommended at the Conference.

The Conference was of the utmost value to Britain, for it renews her promises to India of eventual self-government. It gave the British legislators the time and the means of studying the Indian problem and it gave the native princes the opportunity of voicing their interests for the good of all India. Furthermore, the Conference showed the necessity of British executives to present any rational scheme for settlement.

The question immediately arises: "If India becomes complete independence why not give her what she asks?" The answer is that the Indian problem is a world problem. Britain is not actuated in retaining India solely for economic advantage, nor for mere territorial aggrandizement. If it is to prevent casualties were lost in Indian hundreds of millions of people would be plunged in a maelstrom of economic confusion and civil wars. The world would have on its hands another instance of chaotic imperialism such as that such as is found in China today. There were a break between Britain and Japan would show the inability of the East and West to meet, for no place have East and West joined and intermingled as they have in India. Following such a break might occur another war even greater than the last, a war not between nations but between races. For these reasons it is essential to the world as a whole that Britain should still retain some control over India.

The difficult fact of the Conference may be easily understood when we realize that India has a population of 340,000,000 people, whose political status and material prosperity depend to a large degree on the decisions of the Conference. Not only is there an immense population, but the mass of people differ in race, religion and language. Moreover, there is the problem of territorialing the extremists, who prefer complete independence to the vast changes in the constitution. The five hundred autonomous states under their ruling princes could be drawn from their self-interests to work for all India. The differences of language also present a great difficulty. In India 222 languages are spoken, so that English is necessary as a common tongue to unite the nearly four or, fifty, tongues, all before Parliament. The Conference also has to consider the numerous interests of the minorities, the Moslems, the Sikhs, the Christians, the Europeans, the landlords, etc., each of which had to be safeguarded. Then there is the great problem "Can East meet West?" It will be a great step towards world peace, if India, representing the East, can employ a western system of gov-

THE SECRET TUNNEL

By EDGAR WALLACE

Synopsis:

Augustus Brewster, a needy medical student, is in love with Patricia Street, the beautiful heiress of 55, Ramsey Street, the famous jewel thief. He is the only one in England, and in despair he seeks the help of Clayton Square, a leading architect who is engaged in the construction of a secret tunnel beneath the river Mersey. Clayton promises to prove Augustus out on the condition that he will track down Richardson Bertie, an abstracted criminal who has sworn to form Trade Squads in England, make both ends of the tunnel meet. Augustus agrees, and after many hair-raising adventures discovers Richardson Bertie's car on the eve of the tunnel opening ceremony. The next day Clayton Square receives a threatening note ordering him to appear at the Income Tax Office at 1 p.m., the hour of the tunnel opening. He discovers it is a trick.

Now Read on

Clayton Square looked wearily at the calendar. "Friday the 13th" stared at him menacingly. He pulled out his watch. Nine o'clock. It had stopped. He had forgotten to wind it. A knock behind him brought him to his feet, when with fear. A portrait of the Mersey, a big hat, faded to the ground. Somewhere on and below. A big window had been closed since the day before. Clayton was not superstitious, but his own way his nerves were going for him. It was the president of his life had meant. Within a few hours, the Secret Tunnel would be complete, and he knew of Clayton Square would be one with which to conquer and do the confidence trick.

Now Augustus kept his eye on Richardson Bertie until he opening ceremony was accomplished. As a answer to his thought he telephone rang loudly. With one hand in his pocket Clayton sprang to the phone. It was Augustus. "Is that you Clayton?" Clayton was in no mood of perillage. "Of course it is, you find he appears. Augustus was too excited to take. "Clayton," he whispered, "Augustus, I have a trick. Clayton was pulled but calm, and he began to speak. Clayton's name was a big. Richard, head Bertie has. Two persons, including a third name. What? Richard Clayton, Richardson Bertie. Two persons, including the two names. Clayton," whispered Augustus. I have an answer. A big one, rich and Augustus but was cut off.

For a moment a few was baffled. Outside a clock struck three. With a shock Clayton remembered that the Tunnel Opening began at three. Seeing this with his hat and out of the way without stopping to change his plan four trousers. Having a passing car, he ran up to the door of Clayton Square. He began to climb a ladder to creep on his way. "Thank you," he said, a big name. It was a matter of the river. Clayton's friends, and after a moment. You, he said. You are right, Augustus. But it was no other. Augustus was. We are. Augustus was. Clayton's friends' entrance with a gesture of respect. Clayton was a comprehension.

How it seemed Augustus may have been with the telephone he was no longer in a state of perillage. Clayton was a big name. Clayton found him approaching the stage from which he should descend to a diving board to perform the opening ceremony.

Clayton struggled into place on the carpeted sea, flustered with triumph and emotion. The general air of excitement settled to a feverish enthusiasm as the

Lord Mayor called upon Lord Oxtou, the eminent Insulating Engineer to take the first descent in the diving bell to the tunnel entrance.

Lord Oxtou, in his homely way, fished his cigar ash into the cuff of his trousers and rose to speak. "My Lord Mayor, Ladies and Gentlemen, unaccustomed as I am to public speaking—" A shot rang out through the startled gathering and Lord Oxtou fell to the ground with a sickening thud. Pandemonium reigned. The Lord Mayor rose to the occasion. "Citizens of Liverpool, be calm! Lord Oxtou has been shot twice at 'No. 12,' and 'Shame'." But the opening of the Tunnel is a civic event which must take precedence over accidents. I will ask you to remain still, while the body is removed." Swiftly the Flying Squad, disguised as Councilors, bore Lord Oxtou's body to the nearest luggage boat.

The Lord Mayor was speaking again. "I have much pleasure," he announced, in descending to the tunnel myself—"The sentence was cut short by another shot, and with a wifely grasp at his chair of office, to steady himself, the Lord Mayor sank down amidst the palms, staining the arches a rusty red.

Panic prevailed. Strong men threw themselves into the river on all sides. Weak women watched them go, dry eyes, but with stark fear at their heart strings and clutching their handbags as their lives.

Clayton Square stood aghast. This was the work of "Birkenhead Bertie!" Hanley had the thought flashed through his mind when a pumpty garbed figure sprang from the dock wall to the platform. It was Augustus. "Ladies and Gentlemen," he shouted, "allow me to introduce Miss Paragon Street, my future wife, by whose aid I have just thwarted two of the underworld's most expert crooks, 'Birkenhead Bertie' and 'Fingerprint Fred' alias the late Lord Oxtou and the late Lord Mayor respectively in their foul attempt to blow up the tunnel. One minute longer, and the living hell which was filled with enough poison gas to stock all the cheese factories in the world, would have sunk to the bottom of the river and destroyed the only known entrance to the tunnel." (Loud and prolonged applause.)

"May I ask a question?" said a lady sitting below the dome.

Certainly, Madam," said Augustus putting aside his drenched fiancée.

"Who killed Lord Oxtou and the Lord Mayor?"

"Madam," said Augustus, visibly affected by the pitiful spectacle of the unhappy woman who was soaked in the gore of two successive corpses, "Madam," he declared in ringing tones, "I cannot tell a lie, I shot them both. I am not Augustus Brownlow, I am—" A shot rang out.

What happens to Augustus?

Where was Clayton Square when the shot rang out?

China after the Revolution

Some two hundred and sixty years ago, China was conquered by the Manchurians from Northern Asia. Under these people corruption and tyranny were excessive, to the fullest extent. Both political and material progress declined. It was they who first forced the wearing of the queue and many other practices upon the Chinese people. But in 1911, a Revolution overthrew the Manchu Dynasty and put an end to all these compulsory customs. The Republic of China was organized under the leadership of the late Dr. Sun Yat Sen.

The years immediately following the Revolution were occupied with internal strife. Jealousies arose among the so-called "War Lords" such as Chang Tao Lun and Sun Chuanfang, and consequently, anarchy prevailed throughout the whole country. Many parts of China were devastated and terrorism spread. Until 1925, the Republic existed more in name. In this year China lost her greatest

leader of the Sun Yat Sen, the Father of the Chinese Republic. Before his death however he named his son Hsin Shun Y. as the Third Principle of the People - which are

The Debate

When Henry Vallee, of the C.C.I. Spokes Club welcomed students of C.C.I. and Western Canada to a debate on May 1 he expressed the hope that it was only the first of such events.

Mr Bartlett was chairman and introduced the topic "Resolved that Cadet Training in Canadian Schools Should Be Abolished."

The first and second speakers for the affirmative were Sam Epstein and Gordon Webster of C.C.I. Henry Patterson and Jack Steel, Western Canada, supported the negative.

Mr. Howards, in giving the judges' decision, gave worthwhile pointers to all speakers. The judges, Mr. Flick, Mr. Thorlakson, Mr. Edwards, declared the affirmatives winners.

Western Canada's speakers, although losing, were a credit to our school. Those who feel that more competition along scholastic lines is worthwhile will maintain the effort of Patterson and Steel.

Exchange

CHAS. A. PERKINS, Secretary

"ACTA NEPAENI"—Westboro, Ontario. An exceptionally good publication. However, we might suggest a more elaborate cover design.

"THE BUGLE"—C.H.C.I., Calgary. We enjoyed your magazine and thought that the editorials were particularly good.

"YE FLAME"—Regina, Saskatchewan. The amount and quality of the poetry impressed us as a great deal,—although all the literary work was of a high standard.

"THE ANALECTA"—C.C.I., Calgary. We always enjoy the Analecta. The cuts were good and there were plenty of them.

The Exchange Editor regrets exceedingly that so few copies of other publications were received last year. However, this year many more copies of our Year Book are being sent out, and we are continually seeking new friendships, so that next year we hope to have a real exchange.

Marshall: "I certainly did wrong when I told my girl I admired her chin."

Culbert: "How's that?"

Marshall—"She's started raising another one!"

Jackie—"I played hockey today!"

Betty: "G'wan. How could you play hockey from a correspondence school?"

Jackie: "Oh, I just sent them an empty envelope."

Betty: "Do you know the difference between a taxi and a street car?"

Helen—"No."

Betty: "Fine—Let's take the street car!"

"Look here" cries Tabby "why did you tell mother what time I came in, after I asked you not to?"

"I didn't," replies the maid. "She asked me what time you came in, and I told her I was too busy getting breakfast to look at the clock."

M. S. — "How much time did you put on this week?"

Doc. — "None at all."

M. S. — "That's enough. I know."

T. F. A. S. — "Keep your gun on the wall. I know the law, but not the game. Yes?"

T. F. A. S. — "Well, you know it?"

George. — "I know what I'm thinking."

Father takes Doug had taken an enormous bite: "Another bite like that and you will leave the table!"

Doug — "Another bite like that and I'll be through."

[illegible]

-:- Jokes -:-

Dot MacM—"If a hen and a half laid an egg and a half in a day and a half—how much would a pound of cheese weigh?"

Moore—"What do you think I am—an agriculturist student?"

Friend—"In what course is your son graduating?"

Mr. Agnew—"Oh—in the course of time."

Judge—"Haven't I seen you somewhere?"

Miss Sage—"Surely, I taught your daughter singing."

Junge—"Fifty years!"

Mr. Harding—"Jones, what is salt?"

George—"Sa t is the stuff which makes potatoes taste terrible without it."

Mr. Fick—"Harlow, what do you expect to be when you graduate?"

Bowen—"An old man."

Storekeeper (selling rope to Weller)—"What are you going to do with so much rope, my little man?"

Weller—"I'm going to hang myself and want to make sure my feet touch the ground."

Perkins—"What's the matter with your face, Jack, dull razor?"

Petrie—"None—Keen girl!"

Stew—"See any change in me?"

Fern—"No. Why?"

Stew—"S' funny—I just swallowed a pickie."

Mrs. Robertson—"What are you laughing at? Is that book interesting?"

Powlett—"No, not interesting, but amusing—it spells the words so different to what I do!"

Miss ——"I want the kind of man who can take a joke."

Newton—"Don't worry—that's the kind you'll get!"

Doubtless the kangaroo was nature's first abortive effort to produce a cheer leader

Chaoten—"Have you read 'Buggs'?"

Mr. . . ——"Say! What's the big idea?"

McLaws—"Do you smoke tobacco?"

Jean —"Did you ever hear of anyone smoking anything else?"

McLaws—"Well, yes. I have an uncle who smokes ham."

Vern —"Have you taken chloroform?"

Bun—"No. Who teaches it?"

One of our male teachers wasn't so absentminded when he sent his wife to the bank and kissed his money goodbye

Mr Polleyblank (after explaining in great detail how to find the equation of a tangent)——"What's the equation of a tangent Cameron?"

Stew. (guiltily)— "Don't think I was here when we took that up, sir "

Mr Johnston —"Well, son, how do you like my game?"

Cadey —"I 'speak it's all right, but I still like golf "

In composition period the other day, Halthus explained that "Bendage, sir, is what I wrap around my finger when I get it."

McL—"Marg., are you going in for athletics?"

Marg.—"No, but I'm going out for athletics."

"A man is never older than he feels," expounded Mr Copeland. "Now this morning I feel as fresh as a two-year-old!"

"Horse or egg?" required a voice from the back

"Did my father order coal this morning?"

Cos man—"Yes, I guess so—this load is for Mr Zell."

"That's fine—I'm Gladys Zell."

Cos man—"So am I."

Davison—"How, a spell 'sense'?"

Robertson —"Dollars and cents, or horse sense?"

Davidson—"Wed like in 'I ain't seen him sense.'"

Hank—"I'm not this skinned. I'm the first to laugh at my own foolishness."

Weng—"Heigh ho, what a merry life you must lead!"

Phyllis—"I wonder how old Mr. Collier is?"

Marg.— "Quite a d, I imagine. They say he used to teach Caesar."

German (to waiter)——"What's the name of that piece the orchestra is playing?"

Waiter—"Go Feather Your Nest."

German—"Go jump in the lake. I asked you a civil question."

Miss MacCracker—"Esworth, what are the two genders?"

Esworth —"Masculine and feminine. The masculine are divided into temperate and in temperate, and the feminine into frigid and torrid."

Mrs. Robertson —"Crowe, this is the fifth detention you have had this week, now, what have you to say?"

Crowe—"I'm glad it's Friday."

Teacher—"Britton, do you think you are the teacher in this room?"

Britton—"N-n-n-no, s-sir."

Teacher—"Then stop acting like an idiot."

Mr. Stevenson—"What part of the Bible forbids a man to have two wives?"

Sharpley—"No man can serve two masters."

B. MacLaws—"Why did you cut the sleeve out of your overcoat?"

Davidson—"So I could put it on without taking my hands out of my hands."

Shelds—"What is the richest country in the world?"

Al—"Ireland, of course."

Shelds—"Why, Ireland?"

Al—"Well her capital has been Dublin for quite a number of years."

(Better read this again.)

Maury—"Tell me what does the Christmas Tree stand for?"

Betty—"Well, it would look sort of silly lying down."

Dave Adams—"I got my High-School education at Western Canada."

Boy Friend—"Sue 'em, brother, sue 'em."

Dixon—"I can't swim."

Anybody—"Why?"

Dixon—"I ain't in the water."

* * *

And Helen will now sing that sweet little ditty, entitled, "Our cow wouldn't give any milk, so we sold him."

* * *

Craig—"The horn on your car is broken."

Fred Mills—"No it isn't, it is just indifferent."

What do you mean?

F. M.—"It just doesn't give a hoot."

* * *

Mr. Harding—"Grandma, what do you mean by boiling that bean?" There will be an accident."

Saxsmith—"Hack, it's a good thing everyone isn't as superstitious as you are."

Layden—"I call my girl Forties."

Clapperton—"What's the plot?"

Layden—" 'Cause she's supported by a couple of enormous boats."

Eddie—"I hear the new barrel vault was condemned because it didn't have any fire escapes."

* * *

Father—"Son, I hear your school boasts of a boys' basketball team."

Allister—"No, we don't boast of it."

* * *

Any one of us—"That's quite a car, Hank. What's the most you ever got out of it?"

Henry Patterson—"Oh about eight times in one mile."

* * *

Mr. Johnson—"McRoberts, what's the interest on a thousand dollars at two percent?" Pay attention!"

McRoberts—"For two percent I'm not interested."

Stringer (breaking it to papa)—"You're a lucky man Dad."

Dad—"How's that?"

Stringer—"We I, you won't have to buy me any new books this year, I stayed in the same class."

* * *

Alice—"And what parable do you like best, Al?"

Isrie—"The one about the multitude that loafs and fishes."

*The short market banker plays
give some give some*

There is one in the dark too

The New York Republic

The New York Republic

Father—"Why, Jack when I was your age I thought nothing of getting up at five o'clock in the morning."

Jack—"I don't think much of it either, Dad."

Doc—"I feel duty bound to tell you that four out of five die under this operation. Now is there anything you would like me to do for you before I begin?"

Birks—"Yessuh. Kindly hand me my hat."

Pat—"How did you find yourself after last night's party?"

Vinnie—"Oh, I just looked under the table, and there I was."

T. E. A. S.—"What is your name, my boy?"

New Boy—"Jule Bulskin, sir."

T. E. A. S.—"Julius,—not Jule; you shouldn't spoil such a noble name. And yours?"

New Boy (confused)—"Billious Jule, sir."

G. Hutton—"So I'll have to take an anæsthetic, eh? How long will it be before I know anything?"

Doc—"Now don't go expecting too much of the anæsthetic."

Two boys were watching Jones having a hair singe.

First—"Golly, what's he doing?"

Second—"Betcha he's looking for 'em with a candle."

Papa—"What did you and Charles talk about, last night?"

Pern—"Oh, we just talked about our kith and kin."

Small Brother—"Yeth, pep, I heard 'em. He sath 'Kin I have a kith?' and she sath 'Yeth you kin.'"

Little Girl—"Isn't Roger a naughty dog, Mamma? He just ate my dolly's slipper!"

Mother—"Yes, daughter, and he ought to be punished."

Little Girl—"I did punish him. I sent stwaight to his kernel and dwank his milk."

When Sloan failed in five at Easter he wired to his brother at home in the country—"Failed in five, prepare Dad."

The return wire read—"Dad prepared, prepare yourself."

Miss James—"What three words are used most by High School students?"

Kenrick—"I don't know."

Miss James—"Correct."

First Father—"Has Bob's High School Course proved to be of any real value?"

Second—"Oh yes, indeed. It has entirely cured his mother of bragging about him."

T. E. A. S.—"You say Ronald has a bad cold, and won't be able to attend school today. Who is this speaking?"

Voice (hoarsely)—"My father."

They grinned when the waiter spoke to him in Greek, but their laughter changed to amazement at his ready reply—"I wanna resta bid san'wich st-r-omberry pie, two rup skawfee," was Chuck's clear and simple answer.

At a Convention at the Palliser recently a man lost his wallet. Getting up on a chair he announced:

"I've just lost my pocket book containing \$600. I will give \$50 to the finder."

Voice from the rear—"I'll give \$75."

Herb—"Is your face dirty, or is it my imagination?"

Pat—"Well, your face isn't, but I don't know about your imagination."

Mr. Stevenson—"Give the principle parts of the verb 'swim.'"

Beavers—"Swim, swim, swim."

Mr. S—"Very good, now give the principle parts of 'dim.'"

Beavers—"Aw, quit your kiddin'."

* * *

"Has your brother any hobbies?" inquired Miss Sage.

"No," replied Spencer. "He's had colds now and then, and hives a good deal, but he ain't ever had no hobbies."

* * *

Miss Maxwell—"Tell the class about Lindberg's great feat."

Uland—"I never saw them, but I can tell about Charlie Chaplin's."

* * *

"Iceland," declared Mr. Copeland, "is about the same size as Siam."

A few days later we were surprised to read in Larry Jones' notes "Iceland is about the same size as our Geography teacher."

* * *

Mr. Gislason—"Now, students, we have covered the Course for this year. The paper is all set and is in the hands of the printer. Are there any further questions?"

Voice—"What's the name of the printer?"

T Ennai

THE CHAIRMAN

"I saw in a sudden flash that the thing to do in writing is not to argue, not to concern oneself with opponents, just to dip up what water one can out of one's own wells and leave it."—A. C. Benson.

In the case of this book we may say that the water not only includes writing but also the time and energy of the room representatives, the contributors, the committees, the revisers.

The skill of photographer, engraver, and printer, has again rendered permanent a milestone in the life of our school.

If, having read this book, you have a feeling of ownership in it these efforts will have been well spent.
